

Cape Town Convention and Aircraft Protocol Official Commentary – Revised Edition (2008)

by Professor Sir Roy Goode C.B.E., Q.C.

The first edition of the Official Commentary quickly became the bible for all those engaged in transactions involving the Cape Town Convention and Aircraft Protocol. This new and substantially revised and expanded edition is an indispensable guide to these two instruments, which have already been ratified by over 25 States, with nearly 100,000 registrations in the International Registry.

The *Official Commentary* on the Convention on International Interests in Mobile Equipment and Aircraft Protocol, produced by Professor Sir Roy Goode pursuant to a Resolution of the Cape Town Diplomatic Conference, was published in 2002, and quickly became the definitive guide to the Convention and the Aircraft Protocol. In the *Official Commentary - Revised Edition*, Sir Roy has extensively revised and expanded the original publication to take account of the many important developments that have occurred since the original publication, including: the entry into force of the Convention and Aircraft Protocol; the creation of the International Registry with nearly 100,000 registrations in the ensuing two years ; the publication of the Regulations and Procedures for the International Registry; practical experience with transactions governed by the two instruments and with the declarations system; and the adoption of the Luxembourg Protocol. Various Annexes include the recently revised Regulations and Procedures for the International Registry. The *Official Commentary: Revised Edition* is an essential guide for all those interested or involved in aviation finance and leasing.

Professor Sir Roy Goode, CBE, QC, is Emeritus Professor of Law in the University of Oxford, Emeritus Fellow of St John's College, Oxford, and a Fellow of the British Academy. As Chairman of the UNIDROIT Study Group that initiated this project, Rapporteur to the three Joint Sessions of the UNIDROIT committee of governmental experts and the ICAO Legal Sub-Committee, and Chairman of the Drafting Committee at the Cape Town Diplomatic Conference, Sir Roy was uniquely qualified to fulfil the mandate given to him by the Diplomatic Conference to prepare an Official Commentary. This Revised Edition results from intensive re-examination of the texts in the light of the major developments since the original publication.

Sir Roy has also produced an Official Commentary on the Convention and Luxembourg Protocol as mandated by the Diplomatic Conference in Luxembourg. Copies are available for purchase from UNIDROIT.
