Berardino LIBONATI (1934 – 2010) – A Personal Memory

I remember as if it were yesterday my first meeting with Berardino Libonati, who had recently become a voluntary assistant of Tullio Ascarelli, at the time Professor of Comparative Law of the *Università degli Studi di Roma "La Sapienza"*. He was a frequent visitor to the UNIDROIT Library, where he was completing his research on holding companies, the first of the many books that he was to write. Often, he would arrive at Palazzo Aldobrandini driving his green Triumph Spitfire, bringing with him a sense of joy as great as that symbolised by his car. It was 1959 and Libonati, despite the difficulties he faced, was on his way to become a university professor and practising attorney renowned throughout Italy, as well as a banker whose professionalism and ethical conduct earned him the trust of the Italian banking authorities. Little was he to know that years later, as President of UNIDROIT, he would contribute to proposing the appointment to the post of Secretary-General of the Institute of José Angelo Estrella Faria, grandson and son of the university professors who in Sao Paulo in Brazil had received and were curators of the Ascarelli Library that many years previously he had contributed to pack and send across the ocean, thus carrying out the express desire of his mentor.

Despite his numerous activities, his relationship with Palazzo Aldobrandini remained a constant through the years. By advising his pupils to come to UNIDROIT, he helped to forge a cultural link between *La Sapienza* and UNIDROIT, a link that had started with Ascarelli and continued with Giuseppe Ferri and their respective pupils, one of the foremost of whom was Joachim Bonell, who was later to spend many years working in close collaboration with the Organisation.

In 2000, as if to seal this relationship which went back almost to the dawn of time, he was appointed President of UNIDROIT.

At that time, the direction of the Institute was in the hands of Herbert Kronke and the two developed a collaborative relationship facilitated by the fact that they were both university men.

During my own long presence at UNIDROIT, I had the opportunity to meet and know several Presidents: from Massimo Pilotti to Ernesto Eula, both high magistrates, and from Mario Matteucci to Riccardo Monaco, the former having had the merit of directing and saving the Institute in the difficult war years, the latter hailing from the Service of the Legal Adviser of the Italian Ministry of Foreign Affairs and who was a Professor of International Law and international judge, posts that were later held also by his successor, Luigi Ferrari Bravo.

Libonati was therefore the first President to come from a Chair of Commercial Law and who was an attorney as well as a banker. He placed his experience and personal knowledge at the disposal of the Institute to advise on and solve the problems that are wont to arise in the management of an Organisation such as UNIDROIT and, with discretion, on occasions that arose in the course of the exercise of his functions, gave expression to his personal generosity.

In recent times he had decided to reduce his workload by renouncing his position in banks and on boards, and by drastically reducing his litigation activity. Consequently, he was starting to have more time available for the Institute.

Fate, however, decreed differently: in the night, while he was asleep, his soul departed this world. The morning before, he had been at Palazzo Aldobrandini to discuss the Agenda of the coming annual General Assembly with the Secretary-General and everything had appeared to be as normal. Libonati had been used to living in solitude since childhood when, following the death of his mother, he had been brought up by his father and grandparents. It was certainly in that period that he constructed a wall of reserve that in the end prevented us from knowing whether everything was really as normal as it seemed. We may be sure that it was his intention to depart this world in the same reserved manner, passing from life to death without causing any disturbance, with a quick change of scene which cut off a life dedicated to work, to study, and to his beloved wife, Maria Luisa, who is in the thoughts of us all.

Walter RODINÒ (former Secretary-General a.i.)

I have the honour to submit to the Governing Council, for its approval, the Annual Report on the activities of the Institute in the year 2010.

Following a practice started in 2009 and well received by member States, the Secretariat had presented an advance version of this Report – covering the activities of UNIDROIT from 1 January to 31 October 2010 – as part of the documents submitted to the 67th session of the General Assembly (Rome, 1 December 2010) for information purposes and without prejudice to the Governing Council's prerogative to approve it under article 11 (3) of the UNIDROIT Statute.

Crowning several years of research, discussions and careful drafting, the four new chapters to the 3rd edition of the UNIDROIT Principles of International Commercial Contracts were substantially completed and approved by the Governing Council.

The revised draft of the Official Commentary to the UNIDROIT Convention on Substantive Rules for Intermediated Securities was developed by the Committee especially set up for that purpose by the diplomatic Conference that adopted the Convention on 9 October 2009, and circulated to Governments for comments on 12 August 2010.

Considerable progress was made by the fourth meeting of the Committee of governmental experts for the preparation of a draft Protocol to the Convention on International Interests in Mobile Equipment on Matters specific to Space Assets and at a round of informal consultations organised by the Secretariat on 18-21 October 2010. The Secretariat is confident that the fifth and final meeting of the Committee of governmental experts, to be held in Rome from 21 to 25 February 2011, will achieve the level of consensus on the preliminary draft Protocol that the Governing Council would expect to be able to ascertain in order for it to authorise the submission of the draft Protocol to a diplomatic Conference to be especially convened for its adoption.

The bidding process for the establishment of the International Registry envisaged by the Luxembourg Protocol to the Convention on International Interests in Mobile Equipments on Matters specific to Railway Rolling Stock has been completed and the Preparatory Commission has authorised negotiations with the selected bidders.

Sadly, the important achievements of the year 2010 were overshadowed by the untimely death of Professor Bernardino Libonati, in the night of 30 November, at the age of 76. With him we lost a generous, able and wise President and a life-long friend of UNIDROIT.

His successor took office on 1 February 2011. By appointing Professor Alberto Mazzoni, the host country has once more given proof of its commitment to engaging eminent lawyers of the highest standing for this prestigious and important position. I am confident that our Council Members will join me in wishing Professor Mazzoni a very warm welcome to UNIDROIT.

JOSÉ ANGELO ESTRELLA FARIA
Secretary-General

I. ADMINISTRATION AND ORGANISATION

A. PRESIDENCY, GOVERNING COUNCIL AND PERMANENT COMMITTEE, GENERAL ASSEMBLY AND FINANCE COMMITTEE *

1. *Presidency, Governing Council and Permanent Committee*

The 89th session of the *Governing Council*¹ was held in Rome from 10 to 12 May 2010 under the chairmanship of the President of the Institute, Mr Bernardino Libonati. The Governing Council, after approving the Secretary-General's report on the activity of the Institute in 2009, appointed Mr Arthur Hartkamp and Mr Lyou Byung-Hwa as First and Second Vice-President, respectively, until its 90th session.

Acting upon the proposal of the Secretariat, the Council appointed Prof. Camille Jauffret-Spinosi as a correspondent of the Institute.

The Governing Council considered various proposals for the inclusion of new topics in the Work Programme for the triennium 2011-2013 and made specific recommendations to the General Assembly for that purpose, including as regards the relative level of priority to be assigned to each topic, taking into account both the resources available to the organisation and supplementary funding likely to be obtained.

The Governing Council also considered a memorandum prepared by the Secretariat containing a review of achievements in the implementation of the current Strategic Plan and elements for the preparation of a revised Strategic Plan. The Governing Council entrusted an *ad hoc* committee composed by Ms Baiba Broka and Ms Kathryn Sabo, Chief Michael Kaase Aondoakaa and Mr Henry Gabriel, Mr Didier Opertti-Badán and Mr Daniel Tricot with the examination of that document with a view to the preparation of a draft Strategic Plan for consideration by the Council at its 90th session, to be held in Rome from 9 to 11 May 2011

When discussing the draft budget for 2011, the Council requested the Secretariat to refrain from envisaging an increase in the contributions of member States. The Council further requested the Secretariat to achieve the necessary balance in 2011 by reducing its expenditure under Chapters 2 (Salaries and allowances) and 3 (Social security charges) of the draft budget. Subject to those amendments, the Council authorised the Secretariat to transmit to the financial organs of the Institute proposals in respect of expenditure for the 2011 financial year.

The *Permanent Committee*, at its 111th meeting (25 March 2010) discussed continued its deliberations on ways for streamlining the Institute's staffing structure and various options for implementing an output-based performance evaluation system. The Committee expects to be able to submit concrete proposals for consideration by the Governing Council at its 90th session (Rome, 9-11 May 2011). It also approved the draft agenda for the 67th session of the General Assembly.

* This report covers the activities of UNIDROIT from 1 January to 31 December 2010.

¹ The Governing Council is currently composed of the following members : Mr Michael Kaase Aondoakaa (Nigeria), Mr Hans-Georg Bollweg (Germany), Ms Núria Bouza Vidal (Spain), Ms Baiba Broka (Latvia), Mr Antonio Paulo Cachapuz de Medeiros (Brazil), Mr Sergio M. Carbone (Italy), Mr Sergiu Deleanu (Romania), Mr Michael B. Elmer (Denmark), Mr Henry D. Gabriel (United States of America), Mr Ian Govey (Australia), Mr Attila Harmathy (Hungary), Mr Arthur S. Hartkamp (Netherlands), Ms Monique Jametti Greiner (Switzerland), Mr Ricardo Luis Lorenzetti (Argentina), Mr Lyou Byung-Hwa (Republic of Korea), Mr Mo John Shijian (People's Republic of China), Mr Didier Opertti Badán (Uruguay), Ms Kathryn Sabo (Canada), Mr Jorge Sánchez Cordero Davila (Mexico), Ms Rachel Sandby-Thomas (United Kingdom), Mr Biswanath B. Sen (India), Mr Stanislaw J. Soltysinski (Poland), Mr Itsuro Terada (Japan), Mr Daniel Tricot (France), Mr Ioannis Voulgaris (Greece)

2. General Assembly and Finance Committee

Following a practice initiated in 2009, a special meeting of the *General Assembly* (its 66th session) was held in Rome on 23 June 2010 under the Chairmanship of H.E. Mr Patrick Hennessy, Ambassador of Ireland in Italy. Member States were informed of the deliberations of the 89th session of the Governing Council (Rome, 10-12 May 2010) and briefed, in particular, about the topics that the Governing Council recommended for inclusion in the triennial Work Programme of UNIDROIT, which would be submitted to the General Assembly for adoption at its 67th session on 1st December 2010.

The Secretariat has taken steps to intensify its contacts with the governing bodies of the Institute with a view to stimulating a high level of co-ordination between them and encouraging consistency in their decisions.

The 67th session of the General Assembly was held in Rome on 1 December 2009 under the presidency of H.E. Madam Thenjiwe E. Mtintso, Ambassador of the Republic of South Africa in Italy. The President expressed his gratitude to the outgoing President, H.E. Mr Patrick Hennessy, Ambassador of the Republic of Ireland in Italy, for his excellent advice throughout his mandate. The Assembly observed a minute's silence in memory of President Libonati, who passed away the day before.

The Secretary-General outlined the work of the Organisation in 2010 and the general Assembly has adopted the Work Programme for the triennial period 2011-2013 (see Annexe I).

During the debate on financial issues, the Assembly approved the final modifications to the 2009 budget as well as the Accounts for that financial year. The General Assembly also adopted the budget for 2011 and set the member States' contributions for that financial year.

The *Finance Committee*² met twice in 2010. The 67th session was held on 25 March 2010 under the chairmanship of Ms Manuela Leimgruber (Switzerland); the 68th session, which took place on 13 October 2010, appointed Mr Diego Simancas as the new Chairperson, upon the departure of Ms Leimgruber. The Committee was requested to give an opinion on certain financial issues submitted for scrutiny by the General Assembly.

3. Secretariat

On 31 December 2010, the Secretariat was made up of 21 members, of which six professional staff (Category A) and one hors-cadre officer, nine administrative, library and secretarial staff (Category B), three technical support staff (Category C) and two consultants.

Mr Daniel Porras' research fellowship (funded by private donors) to work on the draft Protocol to the Convention on International Interests in Mobile Equipment on Matters specific to Space Assets was renewed until the end of February 2011.

The focus of the activities of the Secretariat in the first quarter of 2010 was the preparation of proposals and background information documents to enable the Governing Council to make recommendations for the General Assembly for new Work Programme for the triennium 2011-2013. The Secretariat also prepared for the Governing Council a comprehensive review of the achievements under the 2003 Strategic Plan, with proposals for its revision and update.

The Secretariat has made considerable progress in the establishment of an electronic records and file management system. Nearly all computers are now linked to a central server assuring authorised storage and backup of electronic files and common access to electronic copies of institutional and project related works. E-mail software has been upgraded and a common electronic calendar has been established. An electronic system for registration of incoming and outgoing correspondence and archiving has been introduced, and the Secretariat is developing a centralised archiving system for electronic messages.

² The Finance Committee is currently (term of three years commencing on 1 January 2009) composed of the following member States: Austria, Canada, France, Germany, India, Islamic Republic of Iran, Italy, Japan, Mexico, Romania, Russian Federation, Spain, Switzerland, United Kingdom and United States of America.

The visit paved the way for future co-operation relationships between UNIDROIT and STOU, which were subsequently reflected in a Memorandum of Understanding concluded by the Secretary-General of UNIDROIT and the President of STOU in September 2010.

The Secretariat continues consultations with a few non member States with a view to their possible accession to the UNIDROIT Statute, in particular States of the Golf region, the Middle-East, Northern Africa and East Asia.

The Secretariat has also intensified contacts with a few member States of the Latin American region that have not lately participated in the Institute's work, with a view to reviving their interest for the work of UNIDROIT.

Members of the Secretariat also participated in various meetings and conferences where they presented the UNIDROIT instruments and the work of the Institute in general. Details of some of these meetings are set out elsewhere in this report.

II. LEGISLATIVE ACTIVITIES

A. WORK IN PROGRESS

1. *International Interests in Mobile Equipment*

a. Preliminary draft Space Protocol

The UNIDROIT Committee of governmental experts for the preparation of a draft Protocol to the Convention on International Interests in Mobile Equipment on Matters specific to Space Assets (hereinafter referred to as the *Committee*) made significant progress during 2010 in building on the intersessional work³ that had paved the way for its reconvening in December 2009: it was on this basis that the UNIDROIT Governing Council at its 89th session, held in Rome from 10 to 12 May 2010, authorised the holding of a fifth session of the Committee, to be held in Rome from 21 to 25 February 2011, with the idea that the Governing Council at its 90th session, to be held in Rome from 9 to 11 May 2011, should, in the light of the progress to be accomplished by the Committee at its fifth session, be in a position to decide as to the ripeness of the text of the preliminary draft Protocol to the Convention on International Interests on Matters specific to Space Assets (hereinafter referred to as the *preliminary draft Protocol*) for submission to a diplomatic Conference, for adoption.

At the end of its third session, held in Rome from 7 to 11 December 2009, the Committee had agreed that, pending its fourth session, the Drafting Committee should complete the work which it had begun by way of implementation of the decisions taken by the Committee at its third session.

⁴ It was thus that Sir Roy Goode (United Kingdom) and Mr M. Deschamps (Canada), as co-Chairmen of the Drafting Committee, in the light of comments submitted by members of the Drafting Committee, prepared a revised version of the preliminary draft Protocol (hereinafter referred to as the *revised version*) in April 2010, designed to reflect the conclusions reached by the Committee at its third session and to incorporate certain drafting improvements.⁵

This revised version was the basic working document before the Committee at its fourth session, held in Rome from 3 to 7 May 2010. The Committee also had before it comments submitted by Governments, Organisations and representatives of the international commercial space, financial and insurance communities.⁶

The fourth session was attended by 94 representatives of 37 Governments,⁷ observers from five intergovernmental Organisations⁸ and five international non-governmental Organisations,⁹ and 12 advisers representing the international commercial space, financial and insurance

communities,¹⁰ as well as one other person.¹¹ The session was chaired by Mr S. Marchisio (Italy). In view of the absence of the First and Second Deputy Chairmen of the Committee, the latter elected Mr V. Kopal (Czech Republic) Third Deputy Chairman, to act in the Chairman's absence.

In the light of concerns expressed by certain members of the international commercial space, financial and insurance communities, one delegation, while recognising the efforts that had been made by States, international Organisations and industry in developing the revised version, expressed its concern lest the concerns voiced regarding outstanding issues might render the latter ineffective and, potentially, counterproductive, suggesting that until such concerns had been resolved and an economic impact assessment of the project made no further steps should be taken with a view to the transmission of the preliminary draft Protocol to a diplomatic Conference.¹² On the other hand, a considerable majority of the other delegations, whilst acknowledging that there were some outstanding issues which still needed to be resolved, took the view that, in the light of their consultations with representatives of their own domestic commercial space sectors, the concerns that had previously been expressed by members of the commercial space sector to the UNIDROIT Secretariat were not representative of the whole of that industry and that the revised version definitely had the potential to benefit those seeking financing for space assets - in particular smaller operators - and in raising private investment for applications beyond telecommunication satellites.¹³ It was, therefore, decided that the Committee should move ahead timeously with the work of finalising the preliminary draft Protocol.

The substantive work accomplished by the Committee at its fourth session consisted essentially in, first, consideration of the specific outstanding issues identified at its previous session and, secondly, a provision-by-provision review of the entirety of the revised version. Two sets of provisions, though, were essentially left for further consideration within the two informal working groups set up by the Committee at its previous session, namely the provisions dealing with limitations on remedies (in the case of assets providing a public service)¹⁴ and the issue of default remedies in relation to components.¹⁵ The working groups in question reported to the Committee on the progress they had accomplished during the session,¹⁶ with it being agreed that the discussion proposal that emerged from the Informal Working Group on limitations on remedies should be incorporated in the revised version as Alternative B to Article XXVII *bis*.¹⁷

It is the revised version as reviewed by the Drafting Committee during the fourth session of the Committee, by way of implementation of the various amendments agreed during that session,¹⁸ which will be the basic working document of the Committee at its fifth session.

In advance of that session, as agreed by the Committee at the end of its fourth session, informal consultations were held with the commercial space sector, in particular with a view to building on the progress achieved by the Committee at that session and to ensuring timeous completion of the planned Space Protocol,¹⁹ as well as meetings of the Informal Working Groups on default remedies in relation to components and limitations on remedies, designed to build on the progress made by these working groups to date.²⁰

The informal consultations were held in Rome on 18 October 2010. They were attended by representatives of nine Governments,²¹ six representatives of the international commercial space, financial and insurance communities²² and one observer.²³ The consultations were moderated jointly by Mrs A. Veneziano (Italy) and Mr M. Borello (Thales Alenia Space).

The consultations yielded significant progress on specific topics, including the definition of space assets, default remedies in relation to components, the criteria for the identification of space assets for registration purposes and limitations on remedies. The conclusions that emerged from the consultations provided an important basis for the immediately following meetings of the Informal Working Groups, in particular in showing the steps needing to be taken in order to achieve a commercially viable end-product whilst, at the same time, safeguarding the relevant interests of States.

The Informal Working Group on default remedies in relation to components met in Rome from 19 to 21 October 2010. This meeting was attended by representatives of nine Governments²⁴ and three observers.²⁵ Mr J.A. Estrella Faria, Secretary-General of UNIDROIT, acted as moderator.

Out of the discussions a new definition of "space asset" emerged that would permit the registration of a space asset as a whole - and thus permit the making of a single registration in respect of, for example, a whole satellite or other class of space asset - and would cover transponders, as well as permitting the Supervisory Authority of the future International Registry for space assets to develop more detailed technical identification criteria for the registration of newly bankable assets as these were designated as such by the international commercial space and financial communities. It was agreed that the proposed new definition of "space asset" be included in a footnote to the text of Article I(2)(l) of the preliminary draft Protocol to be sent out with the invitations to the fifth session of the Committee. The Informal Working Group recommended that the proposed new definition be taken as the basis for the Committee's further deliberations on this question.

Discussions at this meeting also addressed conflicts between separate and distinct interests in physically-connected high-value components that might arise when the creditor of one asset, such as a satellite bus, sought to exercise its default remedies to the detriment of a third party with an interest in the other asset, like a transponder attached to that satellite bus. Given the continuing division of opinion on this issue, it was decided that the default rule proposed by one Government should be tentatively recommended by the Informal Working Group to the Committee at its fifth session as a proposed new Article XVIII(3) and (4), in square brackets, with language that would make it clear that such a rule was subject to such inter-creditor agreements as might be concluded by the parties.

The Informal Working Group on limitations on remedies met in Rome on 20 and 21 October 2010. This meeting was attended by representatives of nine Governments²⁶ and two observers.²⁷ Once again, Mr Estrella Faria acted as moderator.

Upon a proposal tabled by the representative of one Government, the Informal Working Group agreed upon the features of a proposed new alternative version of Article XXVII *bis*, under which, *inter alia*, States would be given up to six months to find alternative means to maintain a public service, the public service would be acknowledged by the parties as such in the contract for the

provision of that service, it would not interfere with a creditor's right to commence preparations to exercise its default remedies during that period and would, notably, give the State in receipt of the public service the right to be directly involved in any proceedings of the regulatory authority of the licensing State that the debtor might take part in, whether or not the creditor or debtor was located within that State. It was agreed that this new approach should be laid before the Committee at its fifth session, inside square brackets, in a footnote to the text of Article XXVII *bis* of the preliminary draft Protocol as amended to be sent out with the invitations to that session. The Informal Working Group considered the proposed new alternative version preferable to either of the alternative versions currently featuring in Article XXVII *bis* and recommended that it should, therefore, be taken as the basis of the Committee's further deliberations on this question. It was agreed that the question as to whether the proposed new alternative version should be subject, on the one hand, to a declaration giving States the choice of opting into the rule and, on the other, to the possibility for the parties to the agreement providing for the public service to contract out should be referred to the Committee.

The results of the consultations and the meetings of the Informal Working Groups will be brought to the attention of the Committee at its fifth session.

b. Promotion of the work relating to the implementation of the draft Space Protocol

The UNIDROIT Secretariat continued to seek to give exposure to the preliminary draft Space Protocol over the period under consideration in as many ways as possible.

First, it was represented by Mr M.J. Stanford, Deputy Secretary-General, at the 49th session of the Legal Subcommittee of the United Nations Committee on the Peaceful Uses of Outer Space, held in Vienna from 22 March to 1 April 2010, where he made a statement, providing an update on developments in respect of the preliminary draft Protocol.

Secondly, it was represented by Mr D.A. Porras, Associate Officer, at the 61st International Astronautical Congress, held in Prague from 27 September to 2 October 2010.

Thirdly, it was represented by Mr J.A. Estrella Faria, Secretary-General, at a special joint session of the Banking and Space Law Committees of the International Bar Association (I.B.A.) on air and space financing, focussing in particular on the preliminary draft Protocol, held in Vancouver on 7 October 2010. Mr Estrella Faria spoke, *inter alia*, on the core principles of the Cape Town Convention, the sphere of application of the Aircraft Protocol and the preliminary draft Protocol.

Fourthly, it was again represented by Mr Stanford at the United Nations/Thailand/European Space Agency Workshop on Space Law "Activities of States in Outer Space in Light of New Developments: Meeting International Responsibilities and Establishing National Legal and Policy Frameworks", jointly organised with, and hosted by the Geo-Informatics and Space Technology Development Agency, held in Bangkok from 16 to 19 November 2010.

c. Proposal for a future Protocol to the Cape Town Convention on agricultural, construction and mining equipment

At its 89th session, the UNIDROIT Governing Council recommended that this topic be placed on the Work Programme for the triennium 2011-2013, and authorised the Secretariat to continue its consultations with relevant sectors so as to further develop an understanding of the potential scope and advantages of the possible future Protocol. Those consultation had included the convening by UNIDROIT, in conjunction with the *Bundesministerium der Justiz* (Germany), of an Information Forum for Industry held in Berlin on 11 March 2010.

2. Transactions on international and connected capital markets

a. Finalisation and publication of the final version of the Official Commentary to the UNIDROIT Convention on Substantive Rules for Intermediated Securities

The UNIDROIT Convention on Substantive Rules for Intermediated Securities (referred to hereafter as “the Geneva Securities Convention”) was adopted at the Final session of the final session of the diplomatic Conference to Adopt a Convention on Substantive Rules regarding Intermediated Securities (Geneva, 5-9 October 2009).

The text of the Convention and of the Resolutions adopted by the Conference was subject to verification by the Secretariat of the Conference under the authority of the President of the Conference within a period of 120 days from the date of adoption as to the linguistic changes required to make the texts in the two official languages consistent with one another. At the end of this period those texts became authentic and can be found on the UNIDROIT website.²⁸

In its Resolution No. 2, adopted at the closing of the final session, the diplomatic Conference requested the finalisation of the Official Commentary on the Convention by the Chairperson of the Drafting Committee, in close co-operation with no more than three members of the Drafting Committee as well as with the UNIDROIT Secretariat. The Conference further requested a Steering Committee consisting of the Vice-Presidents elected at the final session of the diplomatic Conference, the Chairperson of the Commission of the Whole, the Chairperson of the Final Clauses Committee, the Chairperson of the Credentials Committee, the Co-Chairpersons of the Committee on Emerging Market Issues, Follow-up Work and Implementation, the Chairperson of the Working Group on Insolvency, the Co-Chairpersons of the Working Group on Settlement and Clearing Systems and the members of the Drafting Committee, to co-ordinate the work on the Official Commentary, to take into account the comments made by all negotiating States and participating observers and resolve any issue arising in this process. Lastly, the conference requested that the final version of the Official Commentary, reflecting policy choices and relevant matters considered by the Conference to be addressed by the Official Commentary, be circulated by the UNIDROIT Secretariat to all negotiating States and participating observers no later than 10 months after the final session of the diplomatic Conference inviting comments thereon within four months upon its circulation.

Following that request, the Secretariat, in consultation with the Chairman and three members of the Drafting Committee, started preparing the necessary revisions and additions to the draft Official Commentary so as to reflect policy choices and relevant matters considered by the Conference to be addressed by the Official Commentary. The revised draft Official Commentary was circulated to all negotiating States and participating observers on 12 August 2010. Assuming that no comments are made which would require significant amendments or restructuring of the revised draft Official Commentary, the Secretariat envisages that the revised final version of the Official Commentary could be issued within the first quarter of 2011.

The Secretariat has also prepared a draft Declarations Memorandum addressing a certain number of practical matters that Contracting States are advised to consider in connection with the ratification, acceptance, approval of, or accession to, the Convention. Drawing on the draft Official Commentary to the Convention, the draft Declarations Memorandum provides information on the declarations set out in the Convention, explaining their scope, purpose and required content, as well the steps necessary for lodging them with the Depositary. The draft Declarations Memorandum also takes into account the practice of the UNIDROIT Secretariat as depositary of international conventions, as stated, for instance, in the Declarations Memoranda relating to the Cape Town Convention on International Interests in Mobile Equipment (the “Cape Town Convention”) and the Protocols thereto. The draft Declarations Memorandum will be finalised by the Secretariat following completion of the Official Commentary.

b. Possible Legislative Guide on Principles and Rules capable of enhancing trading in securities in emerging markets

On 6 and 7 September 2010, the Secretariat organised a Colloquium on “ Financial Markets Law”, with a view to identifying possible topics suitable for insertion in a future legislative guide on Principles and Rules capable of enhancing trading in securities in emerging markets. 25 speakers made presentations on a wide range of topics related to securities trading and the functioning of capital markets. 90 participants attended the Colloquium and the presentations made are expected to be published in a special issue of the uniform Law Review to appear in the year 2011.

3. UNIDROIT Model Law on Leasing: Finalisation and publication of the Official Commentary on the UNIDROIT Model Law

On the basis of the decisions taken at the meeting held in Rome on 23 and 24 June 2009 of those invited to assist the UNIDROIT Secretariat in the preparation of the Official Commentary on the UNIDROIT Model Law on Leasing,²⁹ the Official Commentary was prepared by the Secretariat, in close co-operation with Mr R.M. DeKoven, Reporter to the Joint Session of the UNIDROIT General Assembly and the UNIDROIT Committee of governmental experts for the finalisation and adoption of a draft model law on leasing, Mr N.J. Makhubele (South Africa), Chairman of the UNIDROIT Committee of governmental experts, and Ms M. Allouch and Ms C. Walsh (Canada), Mr E.M. Bey (France) and Messrs M.J. Dennis, H.D. Gabriel, W. Henning and S. Weise (United States of America), as members of the Drafting Committee of the Joint Session.³⁰

This Official Commentary was laid before the UNIDROIT Governing Council at its 89th session with a view to securing that body’s authorisation of its publication. On that occasion, the Governing Council, subject to a minor drafting amendment, which it was agreed should be left to the Secretariat, authorised the Secretariat to publish the Official Commentary in both English and French.

As amended,³¹ the Official Commentary was, in the course of June and July 2010, officially circulated, in both English and French, amongst all member States, all those non-member States having participated in the negotiation of the Model Law, all non-member States likely, as either developing or transition countries, to be interested in the Model Law and all relevant international Organisations and professional associations, as well as all those individuals having participated in its negotiation. At the same time, the Model Law was itself also circulated among those non-member States likely to be interested in the Model Law, as well as all relevant international Organisations and professional associations, in both the English and French official versions and the unofficial Arabic, Chinese, Russian and Spanish versions prepared under the authority of the Secretariat.

4. UNIDROIT Principles of International Commercial Contracts

a. Examination by the Governing Council of the new draft rules and Chapters to be included in the 2010 edition of the UNIDROIT Principles of International Commercial Contracts

At its 89th session held in Rome from 10 to 12 May 2010, the Governing Council of UNIDROIT proceeded to an in-depth examination of the new draft chapters to be included in the 2010 edition of the Principles of International Commercial Contracts, i.e. the Draft Rules on Restitution (UNIDROIT 2010 – Study L – Doc. 114) (Rapporteur: R. Zimmermann); the Revised Comments to Article 1.4 (UNIDROIT 2010 – Study L – Doc. 115) (Rapporteur: M.J. Bonell), the Draft [Chapter] [Section] on Illegality (UNIDROIT 2010 – Study L – Doc. 116) (Rapporteur: M.J. Bonell), the Draft Chapter on Plurality of Obligors and/or Obligees (UNIDROIT 2010 – Study L – Doc. 117)

(Rapporteur: M. Fontaine), and the Draft Chapter on Conditions (UNIDROIT 2010 – Study L – Doc. 118) (Rapporteur: B. Fauvarque-Cosson), in view of their submission to the Working Group for a final reading. In order to facilitate the Council’s task the Secretariat had prepared a document (UNIDROIT 2010 – C.D. (89) 3) setting out the most important and/or controversial issues related to the new draft Chapters together with a brief summary of the views expressed within the Working Group in the course of its deliberations. After extensive discussion the Council approved the black letter rules and also, in substance, the Comments leaving it to the Working Group to refine them wherever it felt it necessary to do so.

b. Working Group for the preparation of the UNIDROIT Principles of International Commercial Contracts

The Working Group for the preparation of a third edition of the UNIDROIT Principles of International Commercial Contracts held its fifth session in Rome from 24 to 28 May 2010. The session was attended by M. Joachim Bonell (UNIDROIT, Chairman of the Working Group), Samuel Kofi Date-Bah (Ghana), Bénédicte Fauvarque-Cosson (France), Paul Finn (Australia), Marcel Fontaine (Belgium), Michael Philip Furmston (United Kingdom), Henry D. Gabriel (United States of America), Lauro Gama, Jr. (Brazil), Arthur S. Hartkamp (The Netherlands), Alexander Komarov (Russian Federation), Ole Lando (Denmark), Pierre Widmer (Switzerland), Zhang Yuqing (China) and Reinhard Zimmermann (Germany). The session was also attended by the following Observers: Ibrahim Al Mulla for the Emirates International Law Center, Eckart Brödermann for the Space Law Committee of the International Bar Association, Alejandro Carballo for the Private International Law Group of the American Society of International Law, Christine Chappuis for the *Group de Travail Contrats Internationaux*, Changho Chung for the Government of the Republic of Korea, Neil B. Cohen for the American Law Institute, François Dessemontet for the Swiss Arbitration Association, Alejandro M. Garro for the New York City Bar, Attila Harmathy for the Arbitration Court of the Hungarian Chamber of Commerce and Industry, Emmanuel Jolivet for the ICC International Court of Arbitration, Timothy Lemay for the United Nations Commission on International Trade Law (UNCITRAL), Marta Pertegás for the Hague Conference on Private International Law, Hilmar Raeschke-Kessler for the German Arbitration Institute and Giorgio Schiavoni for the Chamber of National and International Arbitration of Milan. The session was also attended by José Angelo Estrella Faria (Secretary-General of UNIDROIT) and Alessandra Zanobetti (Deputy Secretary-General of UNIDROIT). Paula Howarth (UNIDROIT) and Lena Peters (UNIDROIT) acted as Secretaries to the Group.

The Working Group, having been informed by its Chairman of the positive outcome of the Governing Council’s consideration of the new draft chapters, proceeded to a final reading of them focussing on the Comments and Illustrations. The Group was also seized of a Memorandum by the Secretariat on the placement of the new draft chapters in the 2010 edition of the UNIDROIT Principles (UNIDROIT 2010 – Study L – Doc. 119). After extensive discussion the Group agreed on a number of amendments to the Comments and Illustrations as well as the placement of the new draft chapters.

c. Editing the 2010 edition of the UNIDROIT Principles of International Commercial Contracts

After the Rapporteurs had submitted the drafts they had revised in the light of the Working Group’s deliberations, the Secretariat proceeded to the incorporation of the new Chapters in the current version of the Principles and commenced the final editing of the new edition for submission to the Governing Council at its 90th session for its final approval and subsequent publication.

d. UNILEX

Monitoring of the use in practice of the UNIDROIT Principles continues on a systematic basis. By the end of December, UNILEX, the database of international caselaw and bibliography on the United Nations Convention on Contracts for the International Sale of Goods (CISG) and the UNIDROIT Principles <<http://www.unilex.info>> contained 156 arbitral awards and 90 court decisions referring in one way or another to the Principles, while the bibliographic references were more than 800.

5. Private law and development**a. Private law aspects of agricultural financing**

The Council examined a document submitted by the Secretariat on “Private Law Aspects of Agricultural Financing” which was proposed as the first item to be examined of the larger project on “Private Law and Development”. In the document the Secretariat submitted that UNIDROIT might have a contribution to make in areas of private law that might be involved in the broader discussion of FDI in the agricultural sector, such as, for instance, property law or financing and commercial law aspects that come into play in the negotiation and performance of FDI agreements in the agricultural sector. A great deal of work had been done in recent years by various international organisations to assist domestic legislators and policy-makers improve the legal framework for secured transactions. Similarly, much valuable work had been done on various aspects of private law that affected the structures and marketing strategies of enterprises operating in the rural sector, either by means of general advice, or in country-specific or regional programmes. There appeared, however, to be no international guidance document that presented the results of all of those instruments, studies and guidance documents, as they applied in particular to the private law aspects of transactions in the agricultural sector. The document suggested that the preparation of such an instrument, possibly in the form of a legislative guide, might provide a useful addition to the specific advice already available. The instrument should present various options available to countries from different legal traditions and discuss their relative advantages and disadvantages from the point of view of the overall objective of promoting investment in agricultural production and easing access to rural credit.

The Secretariat therefore proposed to continue its preliminary research into agricultural finance as first topic under the general heading “Private Law and Development”, with a view to identifying areas relating to the financing of agricultural investment and production in which UNIDROIT might make a meaningful contribution.

As a first step to that end, the Secretariat envisages organising, in cooperation with other international organisations, a colloquium in the first quarter of 2011 on the legal aspects of agricultural financing to canvass the international work done in the area and assess the need for, and desirability of, developing legislative guidance on selected areas of private law that might have an impact on the availability of financing for agricultural production. This proposal was endorsed by the Council, which decided to recommend the item *Private Law Aspects of Agricultural Finance* for inclusion in the Work Programme of the Institute. The General Assembly endorsed this recommendation at its 67th session (1st December 2010).

b. Guidelines for a legal framework for social enterprises (or for a certain type of social enterprise)

Acting on a proposal submitted at the 88th session of the UNIDROIT Governing Council by the International Development Law Organization (I.D.L.O.) to study the possibility of a joint project between the two Organisations for the preparation of a legal regimen governing social enterprises, the UNIDROIT Secretariat prepared a preliminary study contained in a document submitted to the Governing Council at its 89th session (UNIDROIT 2010 – C.D. (89)7 Add. 5).

The study explores the growing importance of the role played in civil society and in commerce – as well as its development potential in a globalised world facing increasingly complex challenges – of bodies which combine a primarily social objective, and an entrepreneurial dimension. These bodies may take many forms: *social business* – a concept promoted by Mohammed Yunus, the

2006 Nobel Peace Prize winner – or ‘social entrepreneurship’ get broad media coverage today, but the functions of the social enterprise may be carried out by a wide range of traditional forms: cooperatives, the very paradigm of such enterprises, or associations, foundations, *non-profit entities* or other appellations, and even bodies set up as commercial entities. However, the legal regimen governing these different organisations – typically entities whose purpose is non-commercial as regards the former, whereas the latter are aimed at the owners’ profit – raises difficulties which hinder the recognition of these enterprises, their activities and their development. That is why several countries have designed special legal frameworks for the social enterprise, some opting for the cooperative form with a social purpose (such as Italy, France, Portugal, Quebec Province (Canada)), others taking the company structure as their foundation (particularly interesting examples being the Community Interest Company in the United Kingdom, the social purpose company (*société à finalité sociale*) in Belgium or the L3C in the United States), while other legal forms offer a neutral framework conducive to the functional recognition of the social enterprise (for example, the form created by the Italian decree-law of 2006 on social enterprises).

This is the background against which the Secretariat’s study proposes to establish, at the international level, a legal framework of social enterprises in general or (alternatively or additionally) to focus on a particular type of social enterprise, aimed at promoting the development of this form of enterprise by offering legal security and foreseeability for all stakeholders, by providing guidelines for national legislators in those countries lacking an appropriate legal regimen or which wish to accommodate an additional type of enterprise with special characteristics. The study might also explore the question of international recognition of this type of enterprise, for example, with transnational investment in mind, by assisting social enterprises in developing their activities abroad or in forging partnerships with similar bodies in other countries.

The Secretariat study would suggest a method of work and a possible timetable for the work to be carried out jointly by IDLO and UNIDROIT, which would initially be entrusted to a steering committee whose task it would be to define the objectives and content of the project and to suggest the form that the future instrument might take. The Governing Council acknowledged the interest of the project whilst stressing its complexity, in a field where the national imprint is particularly marked, and, subject to IDLO’s finding the necessary outside funding, agreed to recommend that the project be included in the Institute’s triennial Work Programme 2011-2013. This recommendation was endorsed by the General Assembly of UNIDROIT at its 67th session held on 1st December 2010.

6. Third Party Liability for Global Navigation Satellite System (GNSS) Services

Pursuant to the decision taken by the Governing Council at its 89th session of inviting the Secretariat to conduct informal consultations with the Governments and other Organisations concerned, with a view to ascertaining the scope and the feasibility of a possible international instrument on “Third party liability for Global Navigation Satellite Systems (GNSS) services”, the UNIDROIT Secretariat held at the seat of the Institute on 22 October 2010 an Informal consultation meeting with the participation of representatives of the Governments of China, the Czech Republic, Germany, Italy, the Russian Federation, the United States of America, of the Commission of the European Union as well as of academics and members of the international space communities. The participants discussed in particular whether such an instrument might, following the example of most liability instruments, set a liability limit, that would also help the insurability of the activities, and cover aspects such as liability channelling, provision for supplementary compensation to guarantee satisfactory recovery of losses, and criteria for identifying the competent jurisdiction. While expressing differing views on the topic, notably by reason of the legal and political complexities involved, the participants conveyed their general interest in continuing consultations.

B. FOLLOW-UP OF INSTRUMENTS ADOPTED BY UNIDROIT

The Secretariat continued to do its utmost, in 2010, to promote the UNIDROIT Conventions and other instruments by presenting them at conferences or by publishing articles focussing on them.

Annexe III provides an overview of the instruments drawn up by UNIDROIT as well as the state of implementation of Conventions prepared by UNIDROIT and approved by diplomatic Conferences convened by UNIDROIT member States. For the implementation of instruments based on work conducted within UNIDROIT see Annexe IV.

1. International Interests in Mobile Equipment

a. Cape Town Convention / Aircraft Protocol

UNIDROIT has been designated as the Depositary to the Cape Town Convention (pursuant to Article 62(1) of the Convention) and the Aircraft Protocol (pursuant to Article XXXVII(1) of the Aircraft Protocol), which both entered into force on 1 March 2006. As at 31 December 2010, there were 41 Contracting States to the Convention and 35 Contracting States to the Aircraft Protocol.

Between 1 January 2009 and 31 December 2010, the following 6 States deposited their instruments of ratification or accession to the Convention and Aircraft Protocol: Jordan, Malta, the Kingdom of the Netherlands (in relation to the Netherlands Antilles and Aruba), New Zealand, Norway and Rwanda. Also during that period, Gabon, Seychelles and Togo deposited their instruments of accession to the Convention (only).

On 10 November 2010 the Aviation Working Group, in association with UNIDROIT, hosted a forum, entitled "Cape Town Convention and its Aircraft Protocol – Assessing and Advancing Ratification", in Rome, Italy.

b. Luxembourg Rail Protocol

UNIDROIT has been designated as the Depositary to the Luxembourg Protocol (pursuant to Article XXXIV(1)). The Luxembourg Protocol was adopted on 23 February 2007 at a diplomatic Conference held in Luxembourg, has 4 Signatory States, 1 Signatory Regional Economic Integration Organisation, and has not yet entered into force.

A Preparatory Commission was established by Resolution of the Luxembourg diplomatic Conference in order to prepare the International Registry under the Luxembourg Protocol. The Preparatory Commission met in Rome from 26 to 28 October 2010 in order, *inter alia*, to consider the appointment of the Registrar of the International Registry.

2. International protection of cultural property

On 31 December 2010, there were 30 Contracting States of the *UNIDROIT Convention on Stolen or Illegally Exported Cultural Objects* (cf. Annexe III), Panama being the latest State to accede to the Convention in June 2009. Algeria and Colombia have completed their internal procedure for accession and the Secretariat expects the deposit of their instruments with the Italian Government. Denmark, Ireland and Sweden have officially announced their decision to accede to the Convention. Ratification or accession procedures are in progress in other countries.

Interest in the 1995 UNIDROIT Convention has revived over the past three years or so, not least owing to the upsurge in trafficking in cultural objects, and the UNIDROIT Secretariat is increasingly called upon in this regard. The Secretariat has, within the limits of its meagre budgetary resources and with the financial assistance of the organisers, pursued its efforts to publicise the instrument by participating – directly or otherwise – in a range of events organised to consider it, in particular:

- Workshop on the protection of cultural objects, organised by the *Istituto Italo-Latino Americano (IILA)* – Rome, April 2010; this workshop follows the Regional Workshop on

legal measures for the prevention and fighting against illicit trafficking in cultural objects organised by IILA in Buenos Aires in 2009 to which UNIDROIT took part;

- Workshop of the PNI Institutes on "Protecting Cultural Property" organised by the International Scientific and Professional Advisory Council of the United Nations Crime Prevention and Criminal Justice Programme (ISPAC) – Vienna, 17 May 2010
- Workshop on the protection of cultural objects within the 19th session of the Commission on Crime Prevention and Criminal Justice – Vienna, 17 to 21 May 2010;
- 6th INTERPOL Conference on illicit traffic in cultural objects in Central and Eastern European countries – Vienna, June 2010;
- Information and exchange meeting on the occasion of the 40th anniversary of the 1970 UNESCO Convention and the 5 years of implementation of the Swiss Law on the international transfer of cultural objects, organised by the Swiss Commission for UNESCO in co-operation with the Federal Office for Culture – Bern, 1st June 2010;
- Workshop on the protection of the cultural heritage of Mediterranean countries within the 3rd Convention of the Lawyers of the Mediterranean, organised by the *Fondation de droit continental* – Rome, 9 June 2010;
- 16th session of the UNESCO's Intergovernmental Committee for Promoting the Return of Cultural Property to its Countries of Origin or its Restitution in case of Illicit Appropriation – Paris, 20 to 23 September 2010;
- Information meeting on the issue of the ratification of the 1995 UNIDROIT Convention, organised by the Belgian French speaking and German speaking Commission for UNESCO – Brussels, 16 November 2010;
- Regional Workshop on the prevention against illicit trafficking in cultural objects, for countries of the Gulf Cooperation Council (GCC) and Yemen, organised by the Ministry of Culture of the Kingdom of Bahrain and UNESCO – Manama, 22 to 25 November 2010.

All such occasions provide an opportunity for the Secretariat to establish or restore relations with the representatives of member and non-member States, to introduce them to the Convention, and to assist them in starting ratification or accession procedures. All the above events resulted in recommendations inviting States to accede to the 1995 UNIDROIT Convention.

At the 16th session of the UNESCO's Intergovernmental Committee for Promoting the Return of Cultural Property to its Countries of Origin or its Restitution in case of Illicit Appropriation (Paris, September 2010), the Committee adopted a Recommendation in which it "encourages the establishment of a working group of independent experts chosen jointly by UNESCO and UNIDROIT [and] encourages the preparation of model provisions with explanatory guidelines to be made available to States to consider in the drafting or strengthening of national laws". The Governing Council of UNIDROIT agreed to collaborate with UNESCO in preparing an instrument to facilitate both the application of the 1970 UNESCO Convention and the 1995 UNIDROIT Convention and their ratification by as many States as possible. The working group held its first meeting in September 2010 and its second meeting is to be held in March 2011. It will report on the work accomplished at the next UNIDROIT Governing Council and at the 17th session of the UNESCO Intergovernmental Committee. At its 67th session, the General Assembly decided to follow the recommendation of the Governing Council and to insert this subject in its Work Programme 2001-2013 and to work in close co-operation with UNESCO.

At the 16th session of the UNESCO's Intergovernmental Committee, another Recommendation has been adopted considering that the 40th and the 15th anniversaries of the 1970 UNESCO and 1995 UNIDROIT Conventions were an opportunity to reinforce the effectiveness of those instruments and elaborate strategies in particular for their better applications. The Committee also requested the Director General of UNESCO, in cooperation with the UNIDROIT Secretariat, to facilitate the organization of a forum of reflection, in particular on the effectiveness of the current international legal framework. The Secretary general will attend, in March 2011, an important conference

organized by UNESCO on the future of the 1970 UNESCO Convention and on the illicit traffic in archaeological objects.

3. UNIDROIT Model Law on Leasing

At its 89th session, the Governing Council also endorsed a programme of promotional seminars for the Model Law proposed by the Secretariat, subject, though, to the identification of extra-budgetary funding. The idea of the programme of seminars was, first and foremost, to familiarise those parts of the world for which the Model Law was primarily intended, namely developing countries - and, in particular, African countries - and transition economies, with the terms of the Model Law and the way in which it might be expected to be of help to them. It was also envisaged, though, as being capable of extension to countries, such as the People's Republic of China, contemplating the preparation of a leasing law.

Indeed, it is Government and business circles in the People's Republic of China which have to date evinced the greatest interest in seeing the organisation of such a seminar and it is anticipated that a first seminar will, therefore, be held in China in the second half of 2011, at the invitation of the China Leasing Business Association and the Financial Leasing Committee of the China Banking Association, which have graciously agreed to meet all the expenditure to be incurred thereby.

Other Governments have served formal notice too of their interest in seeing seminars organised on their territory, notably the Government of Indonesia, and in particular the Indonesian Ministry of Law and Human Rights; partial funding for such a seminar has already been identified.

The Secretariat is also planning a seminar in Africa. The Secretariat of the Common Market for Eastern and Southern Africa (Comesa) has already offered to organise such a seminar on the occasion of a future meeting of Ministers of Justice of Comesa member States.

On 1 October 2010 the Swiss Secretariat for Economic Affairs (Seco) graciously agreed to make available to the Secretariat a substantial financial contribution to the organisation of the planned African seminar and, possibly, also to cover the outstanding funding required for the planned seminar in Indonesia.

In view of their participation in the development of the Model Law, the Secretariat is looking, in particular, to the Commonwealth and the International Finance Corporation for support in this context and Mr Stanford accordingly visited the Headquarters of the Commonwealth Parliamentary Association (C.P.A.) in London on 9 August 2010 to discuss the matter of an appropriate forum within the C.P.A. for giving exposure to the Model Law.

4. Geneva Securities Convention

The Convention has one Signatory State, Bangladesh. In September 2010, the Federal Executive Council of Nigeria (the Nigerian Federal Cabinet) approved that Nigeria should sign the Geneva Securities Convention and the Hague Securities Convention.

The Committee on Emerging Markets Issues, Follow-Up and Implementation established by the diplomatic Conference to Adopt a Convention on Substantive Rules regarding Intermediated Securities held its first post-conference meeting at the seat of UNIDROIT from 6 to 8 September 2010. The first two days of the Committee's meeting (i.e. Monday, 6 September, and Tuesday, 7 September 2010) took the form of a Colloquium on Financial Markets Law, the proceedings of which the Secretariat intends to publish as a special issue of the Uniform Law Review. In the remaining day the Committee reconvened in a closed meeting open only to its members and delegates of UNIDROIT member States attending as observers to consider the following items of its agenda: (a) the draft Accession Kit to the Geneva Securities Convention; (b) the reception given to the Convention in the various countries and proposals for its promotion; (c) the scope of a possible legislative guide on principles and rules to enhance trading in emerging markets; and (d) the proposed new international instrument on the netting of financial instruments.

III. LEGAL CO-OPERATION PROGRAMME AND NON-LEGISLATIVE ACTIVITIES

A. LEGAL CO-OPERATION PROGRAMME

The Legal Co-operation Programme UNIDROIT and member and non-member countries, with a view to achieving the statutory objectives of the Organisation. The Programme is designed above all for countries lacking sufficient resources to participate in the legal harmonisation process, in particular developing countries and countries in economic transition, and essentially focuses on the efforts undertaken to implement and disseminate the work of the Institute, and provides training and research opportunities for high-level jurists, by means of a Scholarships Programme. For the Organisation's institutional relations with Governments (visits and seminars in member and non-member countries), see *supra*, p. 6.

1. *Co-operation with partner organisations*

The UNIDROIT Secretariat maintains close institutional co-operation links with a broad range of organisations with a universal or regional mandate. This includes the exchange of information and consultations with respect to topics of common interest, in particular in the framework of the Institute's legislative activities (see *supra*).

2. *Research Scholarships Programme*

Since it was first launched in 1993, the Research Scholarships Programme has enabled the Institute to host over 200 researchers from some 50 countries with a view to their conducting in-depth research on their chosen subject, provided it is in line with UNIDROIT's activities or at any rate involves uniform law, in the Institute Library for an average of two months.

In 2010, donations were received from the Government of the Republic of Korea, the *UK Foundation for International Uniform Law*, the *American Foundation for International Uniform Law*, members of the UNIDROIT Governing Council; the Legal Co-operation chapter of the UNIDROIT general budget financed a number of part-scholarships supplemented by external sources of funding identified by the researchers themselves – private or public institutions in their countries of origin, or private funds. The funding received is being used for research stays in 2010 or 2011.

Sixteen researchers were hosted in 2010 in accordance with the decision taken by the Scholarships Sub-committee of the Governing Council at its 2009 and 2010 sessions. The following persons were hosted under the Programme:

B. UNILAW DATABASE

In 2010 work on the database continued. The work that had been initiated in 2009 for the insertion into the UNILAW database of links to international instruments not to be given full treatment in the database, but which a user of the database might be interested in having access to, was completed, bar any additions that might be made in the future. Links were made to some 362 instruments, most in several languages. The links identified were exclusively to gratuitous sites, so as to assist researchers who would have difficulties in paying for a subscription to a commercial database.

Work also continued on the preparation of case summaries for the *1956 Convention on the Contract for the International Carriage of Goods by Road (CMR)* and their translation into either English or, in most cases, French. The Secretariat gratefully acknowledges the assistance of the interns Ms Roberta Marra, University of Lecce (*Italy*), and Ms Eva Schmitt, University of Freiburg (*Germany*), for the writing of the case summaries, and of Ms Judit Kisely and Ms Stéphanie Gehlen, former *Conseiller d'État*, Brussels (*Belgium*), for the translation of the summaries into French.

The *2009 UNIDROIT Convention on Substantive Rules for Intermediated Securities* was inserted. The financial contribution of the *Uniform Law Foundation*, which permitted the Institute to continue to benefit from the collaboration of Ms Kisely is also gratefully acknowledged.

C. UNIDROIT ON INTERNET – www.unidroit.org

The UNIDROIT Internet web site continues to be an extremely effective means of promoting UNIDROIT's activities and instruments.

Development of the UNIDROIT web site continued in 2010. The content of the site has been substantially enlarged and many of its pages updated and/or replaced in order to provide an up-to-date, comprehensive overview of UNIDROIT's activities.

UNIDROIT documents contained in the *UNIDROIT Proceedings and Papers* series since 1995 have been posted on the Institute's website. They include the Annual Reports, the reports on the annual sessions of the General Assembly of UNIDROIT member States, the conclusions reached by the Governing Council of UNIDROIT at its annual sessions, the final texts of instruments prepared

under the auspices of UNIDROIT, documents concerning current work on instruments adopted as well as the preparatory work, consisting of the studies and reports of the various working groups and committees of governmental experts, on items on the UNIDROIT Work Programme.

A important addition to the web site in 2010 has been the lists of the titles of all documents in the UNIDROIT Studies series issued since the foundation of the Institute with links to the full texts of those documents where available in electronic format. A subject index to all UNIDROIT Studies has also been posted on the web site. (For a list of the UNIDROIT Studies the relative documents of which have been posted on the website see Annex V). Moreover the preparatory work leading up to the adoption of the Convention providing a Uniform Law on the Form of an International Will (Washington, D.C., 1973), the UNIDROIT Convention on International Factoring (Ottawa, 1988), the UNIDROIT Convention on International Financial Leasing (Ottawa, 1988), the Model Franchise Disclosure Law (2002) and the UNIDROIT Guide to International Master Franchise Arrangements were posted on the website in 2010 as well as the documents issued in connection with the Diplomatic Conference on Wills (Washington, D.C., 1973) and the *Acts and Proceedings of the Diplomatic Conference for the adoption of the draft UNIDROIT Conventions on International Factoring and International Financial Leasing, Ottawa, 9-28 May 1988*.

The UNIDROIT Internet web site contains:

- An introduction to UNIDROIT, providing general information on the Institute, its membership, structure, legislative policy, working methods, current work programme including non legislative activities such as its scholarship programme and publishing activities, as well as a list of past achievements; a list of member States; the UNIDROIT Statute;
- UNIDROIT instruments (conventions, model laws, principles and guides prepared under the auspices of UNIDROIT);
- UNIDROIT Proceedings and Papers from 1995 to present;
- List of UNIDROIT Studies and relative archive of documents;
- UNIDROIT's institutional documents (Annual Reports, Annual Reports of the General Assembly, Conclusions reached by the Governing Council of UNIDROIT at its annual sessions);
- A section devoted to UNIDROIT publications, including the table of contents and leading article of each issue of the Uniform Law Review since 1996 as well as an on-line consolidated index since 1974;
- A list of Depository Libraries for UNIDROIT documentation with links to the websites of those libraries;
- Links to the UNILAW and UNILEX databases as well as to the on-line catalogue of the UNIDROIT Library;
- A section "Legal Cooperation and Research Scholarships" introducing the Institute's activities in the field of legal cooperation (providing the technical assistance States may need in implementing or using UNIDROIT instruments) and its Research Scholarships Programme;
- Information on internships and secondments;
- An area reserved to Governing Council members;
- An area reserved to Governments of member States.

D. DEPOSITORY LIBRARIES FOR UNIDROIT DOCUMENTATION

To date, 51 libraries in 45 member States have been designated Depositories for UNIDROIT documentation (*UNIDROIT Proceedings and Papers* on CD-ROM and the *Uniform Law Review*, New Series). The latest Library to join the Depository Libraries is the Ministry of Justice Library (Branch of National Diet Library), Tokyo. For a list of Depository Libraries see Annexe VI.

E. UNIDROIT LIBRARY

In 2009 and the first months of 2010, Library space was affected by major works undertaken by the Italian Government, first for a new fire protection system, then for the renovation of the main reading room and the entrance hall. The Library has nevertheless continued to function fully, despite the considerable discomfort experienced by researchers and staff alike caused by noise, dust and space restrictions.

Some of the Library space had to be re-organised; many of the books and periodicals sections had to be transferred and these transfers are still in progress.

This has also produced a great deal of extra work for the staff, since part of the Library's activities have had to be relocated and books and periodicals transferred. Some of these transfers were temporary, but others will be permanent, the refurbishments calling for a reorganisation of working space. This reorganisation, which is still underway, will affect the collections, staff offices and reading rooms, and is designed to make the most rational use of the space available.

The renovated main reading room sets aside for a range of uses. The furniture has been selected to enable the room to be used as a reading room but also as a meeting room, with folding tables so as to be able to re-arrange the room depending on the use to which it is to be put (reading room, conference hall, seminars, working group meetings, etc.). The room is being fitted out with interpreter's booths.

With regard to the retrospective cataloguing of the card catalogue, the only section which still needs to be inserted is that of the United Nations collections. As to the Authority Files for Corporate Authors names, 80% of these have now been inserted and the remaining 20% need to be completed.

The classification into different sections of the book and periodicals collections, which match the catalogue entries and their location on the shelves, goes back a long way and although changes have been made over the years to meet changing demand, this was never done according to any rational system. The development of the law in general and the new specialisations in the Library, which follow the projects on which the Organisation works, mean that a reclassification has now become indispensable. The reclassification has been started in 2010. Apart from necessary changes in the electronic data, library materials have also to be re-organised on the shelves.

Like many other libraries, the UNIDROIT Library is looking at possible ways of enhancing its catalogue. One of the most useful of these possibilities consists in including the table of contents of the relevant publication with each catalogue entry, which would enhance the research options. In 2010, the various options for catalogue enrichment were evaluated. There are two ways of doing this: one can either purchase the necessary data from outside sources, or one can produce them directly in the Library.

In 2010, inter-library collaboration programmes has been established, with the "Università Sapienza - Facoltà di economia, Dipartimento di diritto ed economia delle attività produttive"(Rome) and with the "Biblioteca giuridica della Banca d'Italia". The collaboration programmes are aimed at the sharing of bibliographic resources and at ensuring access and consultation of printed and electronic resources.

During the period 2009-2010, the Library hosted two interns who assisted with work on the inventory, the catalogue and carried out general administrative tasks. The Library received a proposal to host interns as part of the European Leonardo da Vinci programme. An agreement for this purpose has been worked out.

In 2010, the Library's holdings increased by 876 titles, 419 were purchased, 205 obtained on an exchange basis for a total value of Euro 15.300, and 252 other titles were received as a gift for a total value of Euro 19.000. The implementation of the library's acquisition policy, however, has been negatively affected by the important rise in the price of publications and budget restrictions.

In 2010, as in previous years, the Library received donations in kind from the Max-Planck-Institute of Foreign Private and Private International Law in Hamburg, from the Library of the Department of Trade and Industry of Her Britannic Majesty's Government, by the Library of the

Law Faculty of Lucerne University, and from the Deutsche Forschungsgemeinschaft (DFG). In 2010, the Library received a donation in cash from the US Foundation

The exchange system in place with the Uniform Law Review plays an important role in compensating for the Library's lack of funds. The Library, in 2010, Unidroit was able to activate new exchange agreements.

The Library continues to attract readers from all over the world. Among the 1086 visitors in 2010, the 51 foreign guests came from 31 different countries. Due to the works during 8 months in the Library, unfortunately it was necessary to decline many requests.

F. PUBLICATIONS

1. Uniform Law Review

This quarterly publication (launched in 1996) covers a wide spectrum of uniform law and enjoys wide recognition, both for its scholarly merit and as a vehicle to promote uniform law. It contains the following sections: *Articles*, *International Activities*, *Texts and Implementation of Uniform Law Instruments*, and *Bibliographical Information*. UNIDROIT's own activities are given extensive coverage, thereby turning the *Uniform Law Review / Revue de droit uniforme* into an essential tool for ensuring the dissemination of information on its work. Some of the material published in the *Review* may also be found on the UNIDROIT Internet website.

The *Review* has a number of paying subscribers, subscriptions being handled directly by UNIDROIT as from 2006. It is also distributed free of charge to a number of institutions and persons (including depository libraries), with a view to furthering the institutional objectives of the Organisation. Furthermore it helps to maintain a considerable number of exchange agreements that supply the legal periodicals that form part of the Library stocks. It should also be recalled that the material published by the Uniform Law Review (up to two years prior to the current issue) has been available through Hein-on-Line since November 2005.

In 2010 the *Uniform Law Review* confirmed its traditional sections. The section "*Articles*" in Issue 2010-1 featured a rich selection of studies focussing mainly on instruments adopted under the auspices of the Institute or other instruments of uniform law. Issue 2010-2 contained a "focus" on Secured Transactions, with 16 contributions of experts in the field who had participated in a Colloquium on the subject held at UNCITRAL in March 2010. Issue 2010-3/4, a double issue, will be printed at the beginning of 2011 and will publish the proceedings of the Colloquium on "*The Law of Securities Trading in Emerging Markets: Lessons Learned from the Financial Crisis and Long-term Trends*", organised by UNIDROIT on 6-7 September 2010.

The section *Uniform Law Instruments* reproduced the text of the *UNIDROIT Convention on Substantive Rules for Intermediated Securities*, adopted in Geneva on 9 October 2009, and the Final Act of the Geneva Diplomatic Conference, with an Introduction by the Secretary-General, Mr J.A. Estrella Faria, as well as the text of the Official Commentary to the *UNIDROIT Model Law on Leasing*.

The section *International Developments* gave news of UNIDROIT activities, as well as of the activity of other Organisations. The section containing *Bibliography* contains a rich, updated Bibliography on uniform law, as well as Book Reviews.

2. Other publications

A cumulative edition of UNIDROIT Proceedings and Papers (1997-2009) was prepared on CD-Rom and supplied free of charge to the Depository Libraries for UNIDROIT documentation and to the members of the Governing Council.

In August 2010, the UNIDROIT Secretariat received the Korean translation of the UNIDROIT *Guide to International Master Franchise Arrangements* (Second Edition) prepared by Professor Young-Hong Choi

of *Korea University Law School* (Seoul) by agreement with UNIDROIT and published by the Korean Franchise Association.

In October 2010, the Spanish edition of the *ALI-UNIDROIT Principles of Transnational Civil Procedure*, translated by Ms Inés de San Martín (Argentina) under the supervision of Ms Aida Kemelmajer de Carlucci (Argentina), was published in Colombia by the Publications Department, *Universidad Externado de Colombia*. The same publication is scheduled to appear in Mexico, by the *Instituto de Investigaciones Jurídicas de la Universidad Nacional Autónoma de México*, and in Argentina by *Rubinzal Culzoni Editores*.

G. UNIFORM LAW FOUNDATION / UK FOUNDATION FOR INTERNATIONAL UNIFORM LAW / AMERICAN FOUNDATION FOR INTERNATIONAL UNIFORM LAW

In 2010 UNIDROIT benefited from the financial assistance of the *Uniform Law Foundation*, the *UK Foundation for International Uniform Law* and the *American Foundation for International Uniform Law*. Regrettably, the contribution of the Uniform Law Foundation was lower than estimated by the Board at its meeting in 2009, as the income of the Foundation had been lower than first estimated. It is hoped that the contribution will increase in 2011.

The *UK Foundation for International Uniform Law* donated 5,994.34 euro for scholarships and 13,444.32 euro as a contribution towards the salary of a young lawyer who is working together with Mr Stanford on the preliminary draft Space Protocol to the *2001 Cape Town Convention on International Interests in Mobile Equipment*. The *American Foundation for International Uniform Law* also contributed to the salary of that young lawyer with a sum of 13,444.32 euro and donated 4,500 euro for scholarships and 3,817.13 euro for the Library.
