PROJECT DESCRIPTION

Expected completion date: September 2018

Under an agreement with the Authors of the Guide, Mr Philip Peng will lead the translation of the *UNIDROIT/FAO/IFAD Legal Guide on Contract Farming* into Chinese and arrange for its publication in paper and/or electronic form.

Mr Peng is a practicing lawyer in Beijing; Editor-in-chief of *Chinese Maritime and Commercial Law Reports* (published by Informa Law UK); the initiator and coordinator of the Chinese Maritime and Commercial Law Group (Linkedin).

The availability of a Chinese (Mandarin) version of the Legal Guide will be instrumental for its dissemination in China, one of the world's largest agriculture countries, and contributing to enhance a favorable legal environment for contract farming in China and for Chinese operators.
