CONSOLIDATED TEXT

OF THE CONVENTION ON INTERNATIONAL INTERESTS IN MOBILE EQUIPMENT AND THE PROTOCOL TO THE CONVENTION ON INTERNATIONAL INTERESTS IN MOBILE EQUIPMENT ON MATTERS SPECIFIC TO AIRCRAFT EQUIPMENT

THE STATES PARTIES,

AWARE of the need to acquire and use aircraft equipment of high value or particular economic significance and to facilitate the financing of the acquisition and use of such equipment in an efficient manner,

CONSCIOUS of the need to establish a legal framework for international interests in such equipment and for that purpose to create an international registration system for their protection,

MINDFUL of the principles and objectives of the *Convention on International Civil Aviation*, signed at Chicago on 7 December 1944,

 - (b) vested in a person who is the conditional seller under a title reservation agreement; or
 - (c) vested in a person who is the lessor under a leasing agreement.

4. An international interest in an aircraft object extends to proceeds of that aircraft object.

Article 3 — Sphere of application

1. This Convention applies when, at the time of the conclusion of the agreement creating or providing for the international interest, the debtor is situated in a Contracting State.
2. The fact that the creditor is situated in a non-Contracting State does not affect the applicability of this Convention.
3. Without prejudice to paragraph 1 of this Article, this Convention shall also apply in relation to a helicopter, or to an airframe pertaining to an aircraft, registered in an aircraft register of a Contracting State which is the State of registry, and where such registration is made pursuant to an agreement for registration of the aircraft it is deemed to have been effected at the time of the agreement.

1. In the interpretation of this Convention, regard is to be had to its purposes as set forth in the preamble, to its international character and to the need to promote uniformity and predictability in its application.

2. Questions concerning matters governed by this Convention which are not expressly settled in it are to be settled in conformity with the general principles on which it is based or, in the absence of such principles, in conformity with the applicable law.

3. References to the applicable law are to the domestic rules of the law applicable by virtue of the rules of private international law of the forum State.

4. Where a State comprises several territorial units, each of which has its own rules of law in respect of the matter to be decided, and where there is no indication of the relevant territorial unit, the law of that State decides which is the territorial unit whose rules shall govern. In the absence of any such rule, the law of the territorial unit with which the case is most closely connected shall apply.

Article 6 — Application to sale and prospective sale

The following provisions of this Convention apply as if references to an agreement creating or providing for an international interest were references to a contract of sale and as if references to an international interest, a prospective international interest, the debtor and the creditor were references to a sale, a prospective sale, the seller and the buyer, respectively:

Articles 3 and 4;
Article 26(1)(a);
Article 32(4);
Article 33(1) (as regards registration of a contract of sale or a prospective sale);

Article 8 — Description of aircraft objects

A description of an aircraft object that contains its manufacturer's serial number, the name of the manufacturer and its model designation is necessary and sufficient to identify the aircraft object for the purposes of Articles 10(c) and 11(1)(c) of this Convention.

Article 9 — Choice of law

1. This Article applies only where a Contracting State has made a declaration pursuant to Article 71(1).
2. The parties to an agreement, or a contract of sale, or a related guarantee contract or subordination agreement may agree on the law which is to govern their contractual rights and obligations, wholly or in part.
3. Unless otherwise agreed, the reference in the preceding paragraph to the law chosen by the parties is to the domestic rules of law of the designated State or, where that State comprises several territorial units, to the domestic law of the designated territorial unit.

Chapter II

Constitution of an international interest; contracts of sale

Article 10 — Formal requirements

An interest is constituted as an international interest under this Convention where the agreement creating or providing for the interest:

- (a) is in writing;
- (b) relates to an aircraft object of which the chargor, conditional seller or lessor has power to dispose;
- (c) enables the aircraft object to be identified; and
- (d) in the case of a security agreement, enables the secured obligations to be determined, but without the need to state a sum or maximum sum secured.

Article 11 — Formalities and effects of contracts of sale

1. For the purposes of this Convention, a contract of sale is one which:
 - (a) is in writing;
 - (b) relates to an aircraft object of which the seller has power to dispose; and
 - (c) enables the aircraft object to be identified in conformity with this Convention.
2. A contract of sale transfers the interest of the seller in the aircraft object to the buyer according to its terms.

Chapter III

Default remedies

Article 12 — Remedies of chargee

1. In the event of default as provided in Article 17, the chargee may, to the extent that the chargor has at any time so agreed and subject to any declaration that may be made by a Contracting State under Article 70, exercise any one or more of the following remedies:
 - (a) take possession or control of any aircraft object charged to it;
 - (b) sell or grant a lease of any such aircraft object;
 - (c) collect or receive any income or profits arising from the management or use of any such aircraft object.
2. The chargee may alternatively apply for a court order authorising or directing any of the acts referred to in the preceding paragraph.
3. A chargee proposing to sell or grant a lease of an aircraft object under paragraph 1 shall give reasonable prior notice in writing of the proposed sale or lease to:
 - (a) interested persons specified in Article 1(z)(i) and (ii); and
 - (b) interested persons specified in Article 1(z)(iii) who have given notice of their rights to the chargee within a reasonable time prior to the sale or lease.
4. A chargee giving ten or more working days' prior written notice of a proposed sale or lease to interested persons shall be deemed to satisfy the requirement of providing "reasonable prior notice" specified in the preceding paragraph. The foregoing shall not prevent a chargee and a chargor or a guarantor from agreeing to a longer period of prior notice.
5. Any sum collected or received by the chargee as a result of exercise of any of the remedies set out in paragraph 1 or 2 shall be applied towards discharge of the amount of the secured obligations.
6. Where the sums collected or received by the chargee as a result of the exercise of any remedy set out in paragraph 1 or 2 exceed the amount secured by the security interest and any reasonable costs incurred in the exercise of any such remedy, then unless otherwise ordered by the court the chargee shall distribute the surplus among holders of subsequently ranking interests which have been registered or of which the chargee has been given notice, in order of priority, and pay any remaining balance to the chargor.

Article 13 — Vesting of aircraft object in satisfaction; redemption

1. At any time after default as provided in Article 17, the chargee and all the interested persons may agree that ownership of (or any other interest of the chargor in) any aircraft object covered by the security interest shall vest in the chargee in or towards satisfaction of the secured obligations.
2. The court may on the application of the chargee order that ownership of (or any other interest of the chargor in) any aircraft object covered by the security interest shall vest in the chargee in or towards satisfaction of the secured obligations.
3. The court shall grant an application under the preceding paragraph only if the amount of the secured obligations to be satisfied by such vesting is commensurate with the value of the aircraft object after taking account of any payment to be made by the chargee to any of the interested persons.
4. At any time after default as provided in Article 17 and before sale of the charged aircraft object or the making of an order under paragraph 2, the chargor or any interested person may discharge the security interest by paying in full the amount secured, subject to any lease granted by the chargee under Article 12(1)(b) or ordered under Article 12(2). Where, after such default, the payment of the amount secured is made in full by an interested person other than the debtor, that person is subrogated to the rights of the chargee.
5. Ownership or any other interest of the chargor passing on a sale under Article 12(1)(b) or passing under paragraph 1 or 2 of this Article is free from any other interest over which the chargee's security interest has priority under the provisions of Article 42.

Article 14 — Remedies of conditional seller or lessor

In the event of default under a title reservation agreement or under a leasing agreement as provided in Article 17, the conditional seller or the lessor, as the case may be, may:

- (a) subject to any declaration that may be made by a Contracting State under Article 70, terminate the agreement and take possession or control of any aircraft object to which the agreement relates; or
- (b) apply for a court order authorising or directing either of these acts.

Article 15 — Additional remedies of creditor

1. In addition to the remedies specified in Articles 12, 14, 16 and 20, the creditor may, to the extent that the debtor has at any time so agreed and in the circumstances specified in such provisions:
 - (a) procure the de-registration of the aircraft; and
 - (b) procure the export and physical transfer of the aircraft object from the territory in which it is situated.

2. The creditor shall not exercise the remedies specified in the preceding paragraph without the prior consent in writing of the holder of any registered interest ranking in priority to that of the creditor.
3. The registry authority in a Contracting State shall, subject to any applicable safety laws and regulations, honour a request for de-registration and export if:
 - (a) the request is properly submitted by the authorised party under a recorded irrevocable de-registration and export request authorisation; and
 - (b) the authorised party certifies to the registry authority, if required by that authority, that all registered interests ranking in priority to that of the creditor in whose favour the authorisation has been issued have been discharged or that the holders of such interests have consented to the de-registration and export.
4. A chargee proposing to procure the de-registration and export of an aircraft under paragraph 1 otherwise than pursuant to a court order shall give reasonable prior notice in writing of the proposed de-registration and export to:
 - (a) interested persons specified in Article 1(z)(i) and (ii) of this Convention; and
 - (b) interested persons specified in Article 1(z)(iii) of this Convention who have given notice of their rights to the chargee within a reasonable time prior to the de-registration and export.

Article 16 — Additional remedies under applicable law

Any additional remedies permitted by the applicable law, including any remedies agreed upon by the parties, may be exercised to the extent that they are not inconsistent with the mandatory provisions of this Chapter as set out in Article 22.

Article 17 — Meaning of default

1. The debtor and the creditor may at any time agree in writing as to the events that constitute a default or otherwise give rise to the rights and remedies specified in Articles 12 to 15 and 20.
2. Where the debtor and the creditor have not so agreed, “default” for the purposes of Articles 12 to 15 and 20 means a default which substantially deprives the creditor of what it is entitled to expect under the agreement.

Article 18 — Debtor provisions

1. In the absence of a default within the meaning of Article 17 of this Convention, the debtor shall be entitled to the quiet possession and use of the aircraft object in accordance with the agreement as against:

- (a) its creditor and the holder of any interest from which the debtor takes free pursuant to Article 42(5) or, in the capacity of buyer, Article 42(3) of this Convention, unless and to the extent that the debtor has otherwise agreed; and
 - (b) the holder of any interest to which the debtor's right or interest is subject pursuant to Article 42(5) or, in the capacity of buyer, Article 42(4) of this Convention, but only to the extent, if any, that such holder has agreed.
2. Nothing in this Convention affects the liability of a creditor for any breach of the agreement under the applicable law in so far as that agreement relates to an aircraft object.

Article 19 — Standard for exercising remedies

Any remedy given by this Convention in relation to an aircraft object shall be exercised in a commercially reasonable manner. A remedy shall be deemed to be exercised in a commercially reasonable manner where it is exercised in conformity with a provision of the agreement except where such a provision is manifestly unreasonable.

Article 20 — Relief pending final determination

1. Subject to any declaration that it may make under Article 71(2), a Contracting State shall ensure that a creditor who adduces evidence of default by the debtor may, pending final determination of its claim and to the extent that the debtor has at any time so agreed, obtain from a court speedy relief in the form of such one or more of the following orders as the creditor requests:
- (a) preservation of the aircraft object and its value;
 - (b) possession, control or custody of the aircraft object;
 - (c) immobilisation of the aircraft object;
 - (d) lease or, except where covered by sub-paragraphs (a) to (c), management of the aircraft object and the income therefrom; and

4. In making any order under paragraph 1 of this Article, the court may impose such terms as it considers necessary to protect the interested persons in the event that the creditor:
 - (a) in implementing any order granting such relief, fails to perform any of its obligations to the debtor under this Convention; or
 - (b) fails to establish its claim, wholly or in part, on the final determination of that claim.
5. The creditor and the debtor or any other interested person may agree in writing to exclude the application of the preceding paragraph.
6. Before making any order under paragraph 1, the court may require notice of the request to be given to any of the interested persons.
7. With regard to the remedies in Article 15(1):
 - (a) they shall be made available by the registry authority and other administrative authorities, as applicable, in a Contracting State no later than five working days after the creditor notifies such authorities that the relief specified in Article 15(1) is granted or, in the case of relief granted by a foreign court, recognised by a court of that Contracting State, and that the creditor is entitled to procure those remedies in accordance with this Convention; and
 - (b) the applicable authorities shall expeditiously co-operate with and assist the creditor in the exercise of such remedies in conformity with the applicable aviation safety laws and regulations.
8. Nothing in the preceding paragraphs affects the application of Article 19 or limits the availability of forms of interim relief other than those set out in paragraph 1.
9. Paragraphs 2 and 7 shall not affect any applicable aviation safety laws and regulations.
10. Paragraphs 2, 3, 5, 7 and 9 of this Article apply only where a Contracting State has made a declaration under Article 71(2) and to the extent stated in such declaration.

3. For the purposes of this Article, the “waiting period” shall be the period specified in a declaration of the Contracting State which is the primary insolvency jurisdiction.

4. References in this Article to the “insolvency administrator” shall be to that person in its official, not in its personal, capacity.

5. Unless and until the creditor is given the opportunity to take possession under paragraph 2:

- (a) the insolvency administrator or the debtor, as applicable, shall preserve the aircraft object and maintain it and its value in accordance with the agreement; and
- (b) the creditor shall be entitled to apply for any other forms of interim relief available under the applicable law.

6. Sub-paragraph (a) of the preceding paragraph shall not preclude the use of the aircraft object under arrangements designed to preserve the aircraft object and maintain it and its value.

7. The insolvency administrator or the debtor, as applicable, may retain possession of the aircraft object where, by the time specified in paragraph 2, it has cured all defaults other than a default constituted by the opening of insolvency proceedings and has agreed to perform all future obligations under the agreement. A second waiting period shall not apply in respect of a default in the performance of such future obligations.

8. With regard to the remedies in Article 15(1):

- (a) they shall be made available by the registry authority and the administrative authorities in a Contracting State, as applicable, no later than five working days after the date on which the creditor notifies such authorities that it is entitled to procure those remedies in accordance with this Convention; and
- (b) the applicable authorities shall expeditiously co-operate with and assist the creditor in the exercise of such remedies in conformity with the applicable aviation safety laws and regulations.

9. No exercise of remedies permitted by this Convention may be prevented or delayed after the date specified in paragraph 2.
10. No obligations of the debtor under the agreement may be modified without the consent of the creditor.
11. Nothing in the preceding paragraph shall be construed to affect the authority, if any, of the insolvency administrator under the applicable law to terminate the agreement.
12. No rights or interests, except for non-consensual rights or interests of a category covered by a declaration pursuant to Article 52(1), shall have priority in insolvency proceedings over registered interests.
13. The provisions of this Convention shall apply to the exercise of any remedies under this Article.

Alternative B

2. Upon the occurrence of an insolvency-related event, the insolvency administrator or the debtor, as applicable, upon the request of the creditor, shall give notice to the creditor within the time specified in a declaration of a Contracting State pursuant to Article 71(3) whether it will:
 - (a) cure all defaults other than a default constituted by the opening of insolvency proceedings and agree to perform all future obligations, under the agreement and related transaction documents; or
 - (b) give the creditor the opportunity to take possession of the aircraft object, in accordance with the applicable law.
3. The applicable law referred to in sub-paragraph (b) of the preceding paragraph may permit the court to require the taking of any additional step or the provision of any additional guarantee.
4. The creditor shall provide evidence of its claims and proof that its international interest has been registered.
5. If the insolvency administrator or the debtor, as applicable, does not give notice in conformity with paragraph 2, or when the insolvency administrator or the debtor has declared that it will give the creditor the opportunity to take possession of the aircraft object but fails to do so, the court may permit the creditor to take possession of the aircraft object upon such terms as the court may order and may require the taking of any additional step or the provision of any additional guarantee.

3. The person in whose favour the authorisation has been issued (the “authorised party”) or its certified designee shall be the sole person entitled to exercise the remedies specified in Article 15(1) and may do so only in accordance with the authorisation and applicable aviation safety laws and regulations. Such authorisation may not be revoked by the debtor without the consent in writing of the authorised party. The registry authority shall remove an authorisation from the registry at the request of the authorised party.

4. The registry authority and other administrative authorities in Contracting States shall expeditiously co-operate with and assist the authorised party in the exercise of the remedies specified in Article 15.

1. There shall be a Supervisory Authority which shall be the international entity designated by a Resolution adopted by the Diplomatic Conference to Adopt a Mobile Equipment Convention and an Aircraft Protocol.

2. Where the international entity referred to in the preceding paragraph is not able and willing to act as Supervisory Authority, a Conference of Signatory and Contracting States shall be convened to designate another Supervisory Authority.

3. The Supervisory Authority may establish a commission of experts, from among persons nominated by Signatory and Contracting States and having the necessary qualifications and experience, and entrust it with the task of assisting the Supervisory Authority in the discharge of its functions.

4. The Supervisory Authority shall:

- (a) establish or provide for the establishment of the International Registry;
- (b) appoint and dismiss the Registrar;
- (c) ensure that any rights required for the continued effective operation of the International Registry in the event of a change of Registrar will vest in or be assignable to the new Registrar;

The fees referred to in Article 27(4)(h) shall be determined so as to recover the reasonable costs of establishing, operating and regulating the International Registry and the reasonable costs of the Supervisory Authority associated with the performance of the functions, exercise of the powers, and discharge of the duties contemplated by Article 27(4) of this Convention.

Article 29 — Designated entry points

1. Subject to paragraph 2, a Contracting State may at any time designate an entity or entities in its territory as the entry point or entry points through which there shall or may be transmitted to the International Registry information required for registration other than registration of a notice of a national interest or a right or interest under Article 53 in either case arising under the laws of another State. A Contracting State making such a designation may specify the requirements, if any, to be satisfied before such information is transmitted to the International Registry.
2. A designation made under the preceding paragraph may permit, but not compel, use of a designated entry point or entry points for information required for registrations in respect of aircraft engines.

Article 30 — Working hours of the registration facilities

The centralised functions of the International Registry shall be operated and administered by the Registrar on a twenty-four hour basis. The various entry points shall be operated at least during working hours in their respective territories.

Chapter V

Modalities of registration

Article 31 — Registration requirements

1. In accordance with this Convention, the regulations shall specify the requirements, including the criteria for the identification of the aircraft object:
 - (a) for effecting a registration (which shall include provision for prior electronic transmission of any consent from any person whose consent is required under Article 33);
 - (b) for making searches and issuing search certificates; and, subject thereto,
 - (c) for ensuring the confidentiality of information and documents of the International Registry other than information and documents relating to a registration.
2. The Registrar shall not be under a duty to enquire whether a consent to registration under Article 33 has in fact been given or is valid.
3. Where an interest registered as a prospective international interest becomes an international interest, no further registration shall be required provided that the registration information is sufficient for a registration of an international interest.
4. The Registrar shall arrange for registrations to be entered into the International Registry data base and made searchable in chronological order of receipt, and the file shall record the date and time of receipt.

Article 32 — Validity and time of registration

1. A registration shall be valid only if made in conformity with Article 33.
2. A registration, if valid, shall be complete upon entry of the required information into the International Registry data base so as to be searchable.
3. A registration shall be searchable for the purposes of the preceding paragraph at the time when:
 - (a) the International Registry has assigned to it a sequentially ordered file number; and
 - (b) the registration information, including the file number, is stored in durable form and may be accessed at the International Registry.
4. If an interest first registered as a prospective international interest becomes an international interest, that international interest shall be treated as registered from the time of registration of the prospective international interest provided that the registration was still current immediately before the international interest was constituted as provided by Article 10.

5. The preceding paragraph applies with necessary modifications to the registration of a prospective assignment of an international interest.

6. A registration pertaining to an aircraft object shall be searchable in the International Registry data base according to the name of its manufacturer, its manufacturer's serial number and its model designation, supplemented as necessary to ensure uniqueness. Such supplementary information shall be specified in the regulations.

Article 33 — Consent to registration

1. An international interest, a prospective international interest or an assignment or prospective assignment of an international interest may be registered, and any such registration amended or extended prior to its expiry, by either party with the consent in writing of the other.

Article 35 — Searches

1. Any person may, in the manner prescribed by this Convention and the regulations, make or request a search of the International Registry by electronic means concerning interests or prospective international interests registered therein.

2. Upon receipt of a request therefor, the Registrar, in the manner prescribed by the regulations, shall issue a registry search certificate by electronic means with respect to any aircraft object:

- (a) stating all registered information relating thereto, together with a statement indicating the date and time of registration of such information; or

(b) stating that there is no information in the International Registry relating thereto.

3. A search certificate issued under the preceding paragraph shall indicate that the creditor named in the registration information has acquired or intends to acquire an international interest in the object but shall not indicate whether what is registered is an international interest or a prospective international interest, even if this is ascertainable from the relevant registration information.

Article 36 — List of declarations and declared non-consensual rights or interests

The Registrar shall maintain a list of declarations, withdrawals of declarations, and of the categories of non-consensual right or interest communicated to the Registrar by the Depositary as having been declared by Contracting States in conformity with Articles 52 and 53 and the date of each such declaration or withdrawal of declaration. Such list shall be recorded and searchable in the name of the declaring State and shall be made available as provided in this Convention and the regulations to any person requesting it.

Article 37 — Evidentiary value of certificates

A document in the form prescribed by the regulations which purports to be a certificate issued by the International Registry is prima facie proof:

- (a) that it has been so issued; and
- (b) of the facts recited in it, including the date and time of a registration.

Article 38 — Discharge of registration

1. Where the obligations secured by a registered security interest or the obligations giving rise to a registered non-consensual right or interest have been discharged, or where the conditions of transfer of title under a registered title reservation agreement have been fulfilled, the holder of such interest shall, without undue delay, procure the discharge of the registration after written demand by the debtor delivered to or received at its address stated in the registration.

2. Where a prospective international interest or a prospective assignment of an international interest has been registered, the intending creditor or intending assignee shall, without undue delay, procure the discharge of the registration after written demand by the intending debtor or assignor which is delivered to or received at its address stated in the registration before the intending creditor or assignee has given value or incurred a commitment to give value.

3. For the purpose of the preceding paragraph and in the circumstances there described, the holder of a registered prospective international interest or a registered prospective assignment of an international interest or the person in whose favour a prospective sale has been registered shall take such steps as are within its power to procure the discharge of the registration no later than five working days after the receipt of the demand described in such paragraph.

4. Where the obligations secured by a national interest specified in a registered notice of a national interest have been discharged, the holder of such interest shall, without undue delay, procure the discharge of the registration after written demand by the debtor delivered to or received at its address stated in the registration.

5. Where a registration ought not to have been made or is incorrect, the person in whose favour the registration was made shall, without undue delay, procure its discharge or amendment after written demand by the debtor delivered to or received at its address stated in the registration.

Article 39 — Access to the international registration facilities

No person shall be denied access to the registration and search facilities of the International Registry on any ground other than its failure to comply with the procedures prescribed by this Chapter.

Chapter VI

2. The Supervisory Authority and its officers and employees shall enjoy such immunity from legal and administrative process as is provided under the rules applicable to them as an international entity or otherwise.

3. (a) The Supervisory Authority shall enjoy exemption from taxes and such other privileges as may be provided by agreement with the host State.

(b) For the purposes of this paragraph, “host State” means the State in which the Supervisory Authority is situated.

4. The assets, documents, data bases and archives of the International Registry shall be inviolable and immune from seizure or other legal or administrative process.

5. For the purposes of any claim against the Registrar under Article 41(1) or Article 56, the claimant shall be entitled to access to such information and documents as are necessary to enable the claimant to pursue its claim.

6. The Supervisory Authority may waive the inviolability and immunity conferred by paragraph 4 of this Article.

Chapter VII

Liability of the Registrar

Article 41 — Liability and financial assurances

1. The Registrar shall be liable for compensatory damages for loss suffered by a person directly resulting from an error or omission of the Registrar and its officers and employees or from a malfunction of the international registration system except where the malfunction is caused by an event of an inevitable and irresistible nature, which could not be prevented by using the best practices in current use in the field of electronic registry design and operation, including those related to back-up and systems security and networking.
2. The Registrar shall not be liable under the preceding paragraph for factual inaccuracy of registration information received by the Registrar or transmitted by the Registrar in the form in which it received that information nor for acts or circumstances for which the Registrar and its officers and employees are not responsible and arising prior to receipt of registration information at the International Registry.
3. Compensation under paragraph 1 may be reduced to the extent that the person who suffered the damage caused or contributed to that damage.
4. The Registrar shall procure insurance or a financial guarantee covering the liability referred to in this Article to the extent determined by the Supervisory Authority in accordance with the provisions of this Convention.
5. The amount of the insurance or financial guarantee referred to in the preceding paragraph shall, in respect of each event, not be less than the maximum value of an aircraft object as determined by the Supervisory Authority.
6. Nothing in this Convention shall preclude the Registrar from procuring insurance or a financial guarantee covering events for which the Registrar is not liable under this Article.

Chapter VIII

Effects of an international interest as against third parties

Article 42 — Priority of competing interests

1. A registered interest has priority over any other interest subsequently registered and over an unregistered interest.

2. The priority of the first-mentioned interest under the preceding paragraph applies:
 - (a) even if the first-mentioned interest was acquired or registered with actual knowledge of the other interest; and
 - (b) even as regards value given by the holder of the first-mentioned interest with such knowledge.
3. A buyer of an aircraft object under a registered sale acquires its interest in that object free from an interest subsequently registered and from an unregistered interest, even if the buyer has actual knowledge of the unregistered interest.
4. A buyer of an aircraft object acquires its interest in that object subject to an interest registered at the time of its acquisition.
5. A conditional buyer or lessee acquires its interest in or right over that object:
 - (a) subject to an interest registered prior to the registration of the international interest held by its conditional seller or lessor; and
 - (b) free from an interest not so registered at that time even if it has actual knowledge of that interest.
6. The priority of competing interests or rights under this Article may be varied by agreement between the holders of those interests, but an assignee of a subordinated interest is not bound by an agreement to subordinate that interest unless at the time of the assignment a subordination had been registered relating to that agreement.
7. Any priority given by this Article to an interest in an aircraft object extends to proceeds.
8. This Convention:
 - (a) does not affect the rights of a person in an item, other than an aircraft object, held prior to its installation on an aircraft object if under the applicable law those rights continue to exist after the installation; and
 - (b) does not prevent the creation of rights in an item, other than an aircraft object, which has previously been installed on an aircraft object where under the applicable law those rights are created.
9. Ownership of or another right or interest in an aircraft engine shall not be affected by its installation on or removal from an aircraft.
10. Paragraph 8 of this Article applies to an item, other than an aircraft object, installed on an airframe, aircraft engine or helicopter.

Article 43 — Effects of insolvency

1. In insolvency proceedings against the debtor an international interest is effective if prior to the commencement of the insolvency proceedings that interest was registered in conformity with this Convention.
2. Nothing in this Article impairs the effectiveness of an international interest in the insolvency proceedings where that interest is effective under the applicable law.
3. Nothing in this Article affects any rules of law applicable in insolvency proceedings relating to the avoidance of a transaction as a preference or a transfer in fraud of creditors or any rules of procedure relating to the enforcement of rights to property which is under the control or supervision of the insolvency administrator.

Chapter IX

Assignments of associated rights and international interests; rights of subrogation

Article 44 — Effects of assignment

1. Except as otherwise agreed by the parties, an assignment of associated rights made in conformity with Article 45 also transfers to the assignee:
 - (a) the related international interest; and
 - (b) all the interests and priorities of the assignor under this Convention.
2. Nothing in this Convention prevents a partial assignment of the assignor's associated rights. In the case of such a partial assignment the assignor and assignee may agree as to their respective rights concerning the related international interest assigned under the preceding paragraph but not so as adversely to affect the debtor without its consent.
3. Subject to paragraph 4, the applicable law shall determine the defences and rights of set-off available to the debtor against the assignee.
4. The debtor may at any time by agreement in writing waive all or any of the defences and rights of set-off referred to in the preceding paragraph other than defences arising from fraudulent acts on the part of the assignee.
5. In the case of an assignment by way of security, the assigned associated rights revert in the assignor, to the extent that they are still subsisting, when the obligations secured by the assignment have been discharged.

Article 45 — Formal requirements of assignment

1. An assignment of associated rights transfers the related international interest only if it:
 - (a) is in writing;
 - (b) enables the associated rights to be identified under the contract from which they arise; and
 - (c) in the case of an assignment by way of security, enables the obligations secured by the assignment to be determined in accordance with this Convention but without the need to state a sum or maximum sum secured.
2. An assignment of an international interest created or provided for by a security agreement is not valid unless some or all related associated rights are also assigned.
3. This Convention does not apply to an assignment of associated rights which is not effective to transfer the related international interest.

Article 46 — Debtor's duty to assignee

1. To the extent that associated rights and the related international interest have been transferred in accordance with Articles 44 and 45, the debtor in relation to those rights and that interest is bound by the assignment and has a duty to make payment or give other performance to the assignee, if but only if:
 - (a) the debtor has been given notice of the assignment in writing by or with the authority of the assignor;
 - (b) the notice identifies the associated rights; and
 - (c) the debtor has consented in writing, whether or not the consent is given in advance of the assignment or identifies the assignee.
2. Irrespective of any other ground on which payment or performance by the debtor discharges the latter from liability, payment or performance shall be effective for this purpose if made in accordance with the preceding paragraph.
3. Nothing in this Article shall affect the priority of competing assignments.

Article 47 — Default remedies in respect of assignment by way of security

In the event of default by the assignor under the assignment of associated rights and the related international interest made by way of security, Articles 12, 13 and 15 to 21 apply in the relations between the assignor and the assignee (and, in relation to associated rights, apply in so far as those provisions are capable of application to intangible property) as if references:

- (a) to the secured obligation and the security interest were references to the obligation secured by the assignment of the associated rights and the related international interest and the security interest created by that assignment;
- (b) to the chargee or creditor and chargor or debtor were references to the assignee and assignor;
- (c) to the holder of the international interest were references to the assignee; and
- (d) to the aircraft object were references to the assigned associated rights and the related international interest.

Article 48 — Priority of competing assignments

1. Where there are competing assignments of associated rights and at least one of the assignments includes the related international interest and is registered, the provisions of Article 42 apply as if the references to a registered interest were references to an assignment of the associated rights and the related registered interest and as if references to a registered or unregistered interest were references to a registered or unregistered assignment.

2. Article 43 applies to an assignment of associated rights as if the references to an international interest were references to an assignment of the associated rights and the related international interest.

Article 49 — Assignee's priority with respect to associated rights

1. The assignee of associated rights and the related international interest whose assignment has been registered only has priority under Article 48(1) over another assignee of the associated rights:

- (a) if the contract under which the associated rights arise states that they are secured by or associated with the object; and
- (b) to the extent that the associated rights are related to an aircraft object.

2. For the purpose of sub-paragraph (b) of the preceding paragraph, associated rights are related to an aircraft object only to the extent that they consist of rights to payment or performance that relate to:

- (a) a sum advanced and utilised for the purchase of the aircraft object;
- (b) a sum advanced and utilised for the purchase of another aircraft object in which the assignor held another international interest if the assignor transferred that interest to the assignee and the assignment has been registered;
- (c) the price payable for the aircraft object;
- (d) the rentals payable in respect of the aircraft object; or

- (e) other obligations arising from a transaction referred to in any of the preceding sub-paragraphs.

3. In all other cases, the priority of the competing assignments of the associated rights shall be determined by the applicable law.

Article 50 — Effects of assignor's insolvency

The provisions of Article 43 apply to insolvency proceedings against the assignor as if references to the debtor were references to the assignor.

Article 51 — Subrogation

1. Subject to paragraph 2, nothing in this Convention affects the acquisition of associated rights and the related international interest by legal or contractual subrogation under the applicable law.

2. The priority between any interest within the preceding paragraph and a competing interest may be varied by agreement in writing between the holders of the respective interests but an assignee of a subordinated interest is not bound by an agreement to subordinate that interest unless at the time of the assignment a subordination had been registered relating to that agreement.

Chapter X

Rights or interests subject to declarations by Contracting States

Article 52 — Rights having priority without registration

1. A Contracting State may at any time, in a declaration deposited with the Depositary of the Protocol declare, generally or specifically:

- (a) those categories of non-consensual right or interest (other than a right or interest to which Article 53 applies) which under that State's law have priority over an interest in an aircraft object equivalent to that of the holder of a registered international interest and which shall have priority over a registered international interest, whether in or outside insolvency proceedings; and
- (b) that nothing in this Convention shall affect the right of a State or State entity, intergovernmental organisation or other private provider of public services to arrest or detain an aircraft object under the laws of that State for payment of amounts owed to such entity, organisation or provider directly relating to those services in respect of that object or another aircraft object.

2. A declaration made under the preceding paragraph may be expressed to cover categories that are created after the deposit of that declaration.
3. A non-consensual right or interest has priority over an international interest if and only if the former is of a category covered by a declaration deposited prior to the registration of the international interest.
4. Notwithstanding the preceding paragraph, a Contracting State may, at the time of ratification, acceptance, approval of, or accession to the Protocol, declare that a right or interest of a category covered by a declaration made under sub-paragraph (a) of paragraph 1 shall have priority over an international interest registered prior to the date of such ratification, acceptance, approval or accession.

Article 53 — Registrable non-consensual rights or interests

A Contracting State may at any time in a declaration deposited with the Depository of the Protocol list the categories of non-consensual right or interest which shall be registrable under this Convention as regards any aircraft object as if the right or interest were an international interest and shall be regulated accordingly. Such a declaration may be modified from time to time.

Chapter XI

Jurisdiction

Article 54 — Choice of forum

1. Subject to Articles 55 and 56, the courts of a Contracting State chosen by the parties to a transaction have jurisdiction in respect of any claim brought under this Convention, whether or not the chosen forum has a connection with the parties or the transaction. Such jurisdiction shall be exclusive unless otherwise agreed between the parties.
2. Any such agreement shall be in writing or otherwise concluded in accordance with the formal requirements of the law of the chosen forum.

Article 55 — Jurisdiction under Article 20

1. The courts of a Contracting State chosen by the parties in conformity with Article 54 and the courts of the Contracting State on the territory of which the aircraft object is situated or in which the aircraft is registered have jurisdiction to grant relief under Article 20(1)(a), (b), (c), and Article 20(8) in respect of that aircraft object or aircraft.
2. Jurisdiction to grant relief under Article 20(1)(d) and (e) or other interim relief by virtue of Article 20(8) may be exercised either:
