1. The status of arrears as of September 2008, as recorded in the Appendix to this paper, shows that the situation has notably improved in the last year (€ 142,784.42 compared to 207,227.55 in 2007).

2. The States with arrears are five, three of which owe only the contribution for the year 2007 (Iran, Lithuania and Nigeria), and only one presents an alarming situation. In comparison with last year’s situation, Brazil and Uruguay have paid all their arrears; Argentina has paid a sum covering the contribution owed for the 2004 financial year and part of the contribution owed for 2005, and has informed that the payment of the remaining outstanding sums is under way.

3. Bolivia, as of September 2008, has already accumulated six years’ arrears, that is for the 2002, 2003, 2004, 2005, 2006 and 2007 financial years. It will be recalled that, as a result of a decision taken by the General Assembly, the Government of Bolivia, although a member of the Institute since 1940, only became liable for an annual contribution as from 2000. The contacts of the Secretariat have not yet resulted in the recovery of the sums, due to the difficult financial situation of this member State.

4. The Secretariat wishes to assure the Finance Committee that the recovering of the arrears is one of its main concerns, which has caused it to deploy all the necessary efforts.
