圆桌讨论 一
Panel I

议题：全球商事活动中的合同法统一协调：UNIDROIT《国际商事合同通则》
Harmonised Contract Law for Global Commerce: The Role of the UNIDROIT Principles of International Commercial Contracts (UPICC)

《国际统一私法协会国际商事合同通则》（以下简称《通则》）为国际商事合同提供了一套平衡、中立的法律规则，可供法院或仲裁庭在解决国际商事争议时适用，也可用于解释或补充国内法及国际法律文书，并为国内及国际立法提供参考。随着亚太地区区域内及国际贸易的持续发展，不同法律传统和市场环境下的商事主体之间的交易往来日益密切，《通则》在该地区的重要性愈加凸显。本专题汇聚来自亚太及其他地区的知名合同法学者和法律实务专家，共同探讨《通则》对不同法域合同法发展的影响，以及法院和仲裁庭在处理当前国际商事交易中的法律问题时对《通则》的适用。

The UNIDROIT Principles of International Commercial Contracts (UPICC) provide a balanced and neutral set of non-binding rules for international commercial contracts. They may be applied by courts and arbitral tribunals, where appropriate, to resolve international commercial disputes, used to interpret or supplement domestic law and international instruments, and serve as a model for national and international legislators. Their role is particularly relevant in the Asia-Pacific region, where expanding intra-regional and international trade brings together parties operating across diverse legal traditions and rapidly evolving markets. Bringing together leading contract law scholars and practitioners from the Asia-Pacific region and beyond, this panel will explore the influence of the UPICC on the development of contract law across jurisdictions, as well as their use by courts and arbitral tribunals in addressing contemporary challenges in international commercial transactions.

The Private Law Side of the Digital Economy: Reflections on the UNIDROIT Principles on Digital Assets and Private Law

亚太地区数字经济的快速发展，使数字资产及其相关交易涉及的私法问题日益凸显。《国际统一私法协会数字资产和私法原则》（以下简称《原则》）针对数字资产涉及的核心私法问题提供了一套技术中立的规则框架，涵盖数字资产的控制、转让、托管及其在担保交易中的运用，尤其关注相关财产权利及其对第三人的效力。本专题汇集来自政府部门、学术界、产业界及法律实务界的各方观点，重点探讨数字资产跨境交易中的法律问题，以及如何通过推动《原则》在亚太地区的实施与应用，增强相关交易的法律确定性。

The rapid development of the digital economy in the Asia-Pacific region raises fundamental private law questions concerning digital assets and transactions involving them. The UNIDROIT Principles on Digital Assets and Private Law (DAPL Principles) provide a technology-neutral framework addressing key private law issues relating to digital assets, including their control, transfer, custody and use in secured transactions, with a particular focus on proprietary rights and their effects against third parties. Bringing together perspectives from government, academia, industry and legal practice, this panel will examine legal challenges arising from cross-border transactions involving digital assets and explore approaches to enhancing legal certainty through the implementation and practical application of the DAPL Principles in the Asia-Pacific region.

议题：国际资产融资与争议解决：新兴需求与创新实践
International Asset-Based Financing and Dispute Resolution: Emerging Demands and Innovative Practices

完善的资产融资法律框架有助于降低法律风险、拓宽融资渠道，并促进跨境商事交易。国际统一私法协会制定的法律文书，特别是《开普敦公约》及其各项议定书，围绕特定类别高价值移动设备上的国际利益，就其设立、登记、优先顺位及执行确立了统一的法律规则，为国际融资交易提供了更高的法律确定性与可预见性。本专题汇聚担保交易与法律改革领域的专家、行业代表及法律实务人士，共同探讨《开普敦公约》体系等国际法律文书在促进亚太地区资产融资方面的作用，并重点关注相关争议的解决、权利的有效执行及跨境融资交易面临的新兴法律与实务挑战。

Effective legal frameworks for asset-based financing are essential to reducing legal risks, facilitating access to credit and supporting cross-border commercial transactions. UNIDROIT instruments, particularly the Cape Town Convention and its Protocols, establish a harmonised legal framework for the creation, registration, priority and enforcement of international interests in certain categories of high-value mobile equipment, contributing to greater legal certainty and predictability in international financing transactions. Bringing together experts in secured transactions and law reform, industry representatives and legal practitioners, this panel will explore the role of international legal instruments, including the Cape Town Convention system, in facilitating asset-based financing in the Asia-Pacific region, with particular attention to dispute resolution, the effective enforcement of rights and emerging legal and practical challenges in cross-border financing transactions.
